Town Bells Will Ring For Prayers

Saturday morning, at 11 o'clock, church bells in Gettysburg will ring to remind members of all religious faiths to pause for one minute of individual prayers for world peace.

The observance of a moment of silence on the traditional Communist holiday, spokesmen for the Gettysburg Junior Chamber of Commerce said, "will serve as a world-wide link connecting the prayers of all who seek divine guidance in bringing together in spirit Communist and Democratic leaders."

The "May Day-Pray Day" program has been initiated by the Jaycee organizations of 55 nations. Adams County clergymen are requested to include in their Sunday services a prayer for world peace.

NEED ENTRANTS IN "ROAD-E-O" DRIVING MEET

A weak public response to the Junior Chamber of Commerce-sponsored "Road-e-o" safe driving contest, scheduled for Sunday, May 16, today spurred a call by the local Jaycee chapter for additional applicants among Gettysburg and Adams County high school students.

Donald H. Becker, Jaycee president, announced that the application deadline, originally set for noon today, will be extended until Wednesday.

He explained that the project has received the endorsement of traffic control and safety authorities throughout the nation and stated "the object is to promote good driving habits among teen-agers and to select the county's most skilled young drivers."

Site of the "skill course" will be the Acme parking lot, corner of Springs Ave. and West St. Applications can be obtained at high school offices throughout the county. The elimination contest is open to any teen-ager owning a driver's license who has not reached his 20th birthday by August 10.

Will Award Prizes
High school driving instructors and a member of the borough police force will supervise the program. One car at a time will be run through a series of movements, smooth stopping, parallel parking, and distance gauging. Contestants will compete for driving honors in six late model automobiles donated by the Adams County Motors, Gettysburg Motors, and Warren Chevrolet.

Prizes will be awarded to first, second, and third place winners. In addition to a war bond and an inscribed plaque, the winner will receive an expense-free trip to Pittsburgh to compete in the state "Road-e-o" contest at the Pittsburgh Allegheny Airport, July 10.

Gifts will also include tickets to the Baltimore Orioles' baseball games this summer and automobile accessories.

SIGNS POINTING NOW TO BIG '54 CROP OF APPLES

Early indications point to a good apple crop but Don Horst, crop supervisor for the C. H. Musselman Company, believes, it is risky to make crop forecasts so early.

"Conditions have certainly been better than average so far," Horst said. "But even though we have had the needed rain and reasonably good pollinating weather, many growers feel it is too soon to make crop estimates before what is called the June drop—and that June drop sometimes comes in May."

"Heavy blossoms do not always mean a heavy crop, although as one fieldman pointed out, we never have a crop without a full blossom time. After the June drop it is possible to make fairly accurate estimates, barring unforeseen catastrophes such as severe storms."

"Better Than Average"

"Nevertheless," said Mr. Horst, "conditions right now look better than average and a few weeks more will tell the story. We have some reports of damage to cherries from the 18 degree temperatures of April 7 and 8. One of our fieldmen reports widespread evidence of frost and dry weather damage but he does not think it will seriously affect the cherry crop, a small percentage at most. Such damage is not realized until blossom time."

"In apples this may be a good year for York Imperials, the king of the processing apples, because of its crisp texture and good keeping qualities," Mr. Horst said. "The York bears most heavily every other year and such biennials were light last year to the sorrow of many growers who thus missed a good market and a good price. But it is in good apple crop years that the processors demonstrate their value to their loyal growers who take their crops to the stable processing market in heavy and light years. In heavy years they can dispose of their whole crop at the fair market price without the risks incidental to the fresh fruit market."

The growers stop spraying during the blossom time to avoid harming the millions of bees busy at the important job of pollination. After petal, fall-on goes the "petal pal spray"—to kill the coding moth—chief cause of wormy apples.

America is the greatest nation in the world and despite setbacks it has always recovered to forge ahead." "The Jewish race once was the chosen people, but it failed to fulfill its destiny," he said. "Are we living up to our destiny? We can fulfill our destiny if we have faith in God, in our community and in America."

ACQUIT FICKES OF ROBBERY; ON LAST CASE NOW

Nelson Fickes, Orrtanna, was found innocent this morning by an Adams County jury of a charge of robbery brought against him by Kenneth A. Dehoff, Littlestown, a fellow employee at the Carroll Rubber Co. at Littlestown.

The jury, headed by Eugene Elgin Jr., East Berlin, as foreman, deliberated from 9:55 o'clock this morning until 11 o'clock before returning its verdict.

Several rubber company workers appeared on the witness stand Tuesday afternoon to testify Fickes could not have left the shoe line at the plant long enough to have removed Dehoff's wallet from his hip pocket and take the money from it, hide it, and then return to his machine.

Fellow Workers Testify

Herbert J. Motter, Littlestown, another employee at the plant, told the jury Thursday morning that he had seen Fickes "fooling around" with a pocketbook in a corridor leading to a rest room at about the time Fickes was alleged to have taken Dehoff's pocketbook. The empty pocketbook was later found in the corridor. Other witnesses held however that Fickes never was near the corridor in question at the time the pocketbook was said to have been taken.

Robert Linard, Westminster, also an employee, said he was standing near a soft drink dispenser at the time Fickes left his machine, passed near Dehoff, came to the soft drink dispenser and then returned to his machine—to be accused by Dehoff of taking the pocketbook.

Linard said he saw Fickes throughout, that he never went near the corridor, but came directly to the dispenser, obtained a soft drink and went back to his machine. He recalled the incident particularly, he said, because, while he and Fickes had never spoken before, Fickes told him "You make a better door than a window," and punched him and, Linard said, it angered him.

Daniel Bair, supervisor in the cement section at the plant, said he (Continued On Page 2)

The "May Day-Pray Day" program has been initiated by the Jaycee organizations of 55 nations. Adams County clergymen are requested to include in their Sunday services a prayer for world peace.

NEED ENTRANTS IN "ROAD-E-O" DRIVING MEET

A weak public response to the Junior Chamber of Commerce-sponsored "Road-e-o" safe driving contest, scheduled for Sunday, May 16, today spurred a call by the local Jaycee chapter for additional applicants among Gettysburg and Adams County high school students.

Donald H. Becker, Jaycee president, announced that the application deadline, originally set for noon today, will be extended until Wednesday.

He explained that the project has received the endorsement of traffic control and safety authorities throughout the nation and stated "the object is to promote good driving habits among teen agers and to select the county's most skilled young drivers."

Site of the "skill course" will be the Acme parking lot, corner of Springs Ave. and West St. Applications can be obtained at high school offices throughout the county. The elimination contest is open to any teen-ager owning a driver's license who has not reached his 20th birthday by August 10.

Will Award Prizes
High school driving instructors and a member of the borough police force will supervise the program. One car at a time will be run through a series of movements, smooth stopping, parallel parking, and distance gauging. Contestants will compete for driving honors in six late model automobiles donated by the Adams County Motors, Gettysburg Motors, and Warren Chevrolet.

Prizes will be awarded to first, second, and third place winners. In addition to a war bond and an inscribed plaque, the winner will receive an expense-free trip to Pittsburgh to compete in the state "Road-e-o" contest at the Pittsburgh Allegheny Airport, July 10.

Gifts will also include tickets to the Baltimore Orioles' baseball games this summer and automobile accessories.

SIGNS POINTING NOW TO BIG '54 CROP OF APPLES

Early indications point to a good apple crop but Don Horst, crop supervisor for the C. H. Musselman Company, believes, it is risky to make crop forecasts so early.

"Conditions have certainly been better than average so far," Horst said. "But even though we have had the needed rain and reasonably good pollinating weather, many growers feel it is too soon to make crop estimates before what is called the June drop—and that June drop sometimes comes in May.

"Heavy blossoms do not always mean a heavy crop, although as one fieldman pointed out, we never have a crop without a full blossom time. After the June drop it is possible to make fairly accurate estimates, barring unforeseen catastrophes such as severe storms.

"Better Than Average"

"Nevertheless," said Mr. Horst, "conditions right now look better than average and a few weeks more will tell the story. We have some reports of damage to cherries from the 18 degree temperatures of April 7 and 8. One of our fieldmen reports widespread evidence of frost and dry weather damage but he does not think it will seriously affect the cherry crop, a small percentage at most. Such damage is not realized until blossom time.

"In apples this may be a good year for York Imperials, the king of the processing apples, because of its crisp texture and good keeping qualities," Mr. Horst said. "The York bears most heavily every other year and such biennials were light last year to the sorrow of many growers who thus missed a good market and a good price. But it is in good apple crop years that the processors demonstrate their value to their loyal growers who take their crops to the stable processing market in heavy and light years. In heavy years they can dispose of their whole crop at the fair market price without the risks incidental to the fresh fruit market."

The growers stop spraying during the blossom time to avoid harming the millions of bees busy at the important job of pollination. After petal fall—on goes the "petal fall spray"—to kill the codling moth—chief cause of wormy apples.

ELECTED TEACHER

Joan Dissinger, East Berlin, a graduate of Shippensburg State Teachers College, was elected by the Spring Grove Joint District School Board Wednesday evening to teach the Second Grade in the York New Salem Elementary School next year.

The victim of the gruesome murder is still unidentified. The body, neatly dismembered, was packed in a foot locker found in a trolley station Tuesday in Sharon Hill, another nearby Philadelphia suburb.

WILL DEDICATE IRON SPRINGS CHURCH SUNDAY

The newly-completed Brethren in Christ church, at Iron Springs, will be dedicated Sunday afternoon at 2 o'clock, Rev. Leonard A. Falk, pastor, announced today. Bishop C. N. Hostetter will deliver the dedicatory sermon. Bishop Henry Ginder, of Manheim, will be in charge of the services of dedication. The latter is in charge of the Home Mission Board.

The building fund of the church was started during the pastorate of Rev. John D. Garman, in 1948. Rev. Mr. Garman furnished a major part of the lumber used in the church from his tract of woodland on Jack's Mountain. The actual building of the church was started after Rev. Leonard A. Falk was assigned to the charge more than four years ago. Donations and a solicitation of the church membership provided the funds. More than \$18,000 is invested in the structure. More than \$8,000 in labor and materials were donated thus bringing the cost of the new

CHURCH GROUP HOLDS RALLY IN BONNEAUVILLE

Judge W. C. Sheely, Rev. Fr. Anthony F. Kane, pastor of St. Francis Xavier Catholic Church here, and Rev. Fr. Bernard Mattern, pastor of St. Mary's Catholic Church, Marietta, were the speakers Thursday evening at a rally and luncheon held by the Holy Name Society of St. Joseph's Catholic church, at St. Joseph's Hall, Bonneauville.

Judge Sheely told the group that "this nation is greatly blessed" with freedom, a high standard of living, good churches, schools, libraries, "and facilities to meet all of our needs. America is the greatest nation in the world and despite setbacks it has always recovered to forge ahead." "The Jewish race once was the chosen people, but it failed to fulfill its destiny," he said. "Are we living up to our destiny? We can fulfill our destiny if we have faith in God, in our community and in America."

He praised the activities of such organizations as the firemen and the Holy Name Society in channeling "the efforts of many men into action for good for the community and the church, in their different fields."

ACQUIT FICKES OF ROBBERY; ON LAST CASE NOW

Nelson Fickes, Orrianna, was found innocent this morning by an Adams County jury of a charge of robbery brought against him by Kenneth A. Dehoff, Littlestown, a fellow employee at the Carroll Rubber Co. at Littlestown.

The jury, headed by Eugene Elgin Jr., East Berlin, as foreman, deliberated from 9:55 o'clock this morning until 11 o'clock before returning its verdict.

Several rubber company workers appeared on the witness stand Tuesday afternoon to testify Fickes could not have left the shoe line at the plant long enough to have removed Dehoff's wallet from his hip pocket and take the money from it, hide it, and then return to his machine.

Fellow Workers Testify

Herbert J. Motter, Littlestown, another employee at the plant, told the jury Thursday morning that he had seen Fickes "fooling around" with a pocketbook in a corridor leading to a rest room at about the time Fickes was alleged to have taken Dehoff's pocketbook. The empty pocketbook was later found in the corridor. Other witnesses held however that Fickes never was near the corridor in question at the time the pocketbook was said to have been taken.

Robert Linard, Westminster, also an employee, said he was standing near a soft drink dispenser at the time Fickes left his machine, passed near Dehoff, came to the soft drink dispenser and then returned to his machine—to be accused by Dehoff of taking the pocketbook.

Linard said he saw Fickes throughout, that he never went near the corridor, but came directly to the dispenser, obtained a soft drink and went back to his machine. He recalled the incident particularly, he said, because, while he and Fickes had never spoken before, Fickes told him "You make a better door than a window," and punched him and, Linard said, it angered him.

Daniel Bair, supervisor in the cement section at the plant, said he

300 AT MISSION CONCLAVE HERE

More than 300 members and guests of the Women's Missionary Society of the West Pennsylvania Conference, Central Pennsylvania Synod, United Lutheran Church in America, attended the first Spring Rally held in St. James Lutheran Church, Thursday.

Highlight of the afternoon session was the panel "What's My Department," wherein the officers of the conference questioned the department secretaries concerning their work. The "mystery guest" was Sidoris McCartney, dean of the Boys School at Kumamoto, Japan, and now living at the Purlough House on Springs Ave., while studying at the Lutheran Seminary.

At the vespers service, Dr. Paul Emple, executive director, National Lutheran Council, told about the international cooperation "now absolutely necessary to carry on work in the orphaned mission fields of the world." He said "the way is now opened for much work among certain areas, but we must not let in our efforts, because forces of nationalism and communism are already closing some fields to us."

Dr. Emple spent last Easter in a Korean orphanage at which time Air Force personnel held an Easter egg hunt for the youngsters. "The children wanted only love and affection from us and ignored the eggs, lemonade and candy in order to sit on our

VERMONT GROUP HONORS SYRUP TRADE AT PARTY

By JANE EADS
WASHINGTON (AP) — When you start getting invitations to breakfasts at 8:30 a.m. in this party-mad town you're really rolling — or maybe you just stay in bed!

Some hardy Vermonters, including Sen. Aiken and Flanders and the state's lone congressman, Winston L. Prouty, invited me to breakfast with them in the family dining room on the Senate side of the Capitol at this weird hour. It was the only time the lawmakers could find to stage high-jinks in honor of Vermont's 184 Maple Queen, Miss Nancy Battle, a very pretty lass from Randolph, and introduce new members to the pride of Vermont — its maple syrup.

Winter State
Presiding over the breakfast of

pancakes swimming in maple syrup, grapefruit, sausage and coffee, was Morris Christie Hill, president of the Vermont State society, the oldest state society in Washington, organized in 1880. Hill hails from Skowhegan, which boasts the "best sking in the East and the most reliable snow area."

Miss Battle, daughter of Mr. and Mrs. George Battle, and a paid nurse's aide at the hospital in Randolph, was sent to Washington by Vermont's Gov. Lee Emerson. The fancy grade syrup was sent down by the Maple Sugar Makers' Assn., of which Nancy's parents are members.

Indian Discovery
Joan Eldredge of Waterbury, Vt., secretary to Sen. Flanders, says no one knows the exact time or manner in which sugar-making started. Sometimes before 1673 Indians discovered the sweetness of the sap.

"I told the Senate dining room chef to have plenty of hot coffee for us," Miss Eldredge said, very wide-awake. "We don't have many of these breakfasts. We usually have a baked bean supper once a

WRITER TERMS CAPITAL A RICH RESEARCH FIELD

WASHINGTON (AP)—Mrs. Grace York, who writes books for young readers under the name of Cornelia Spencer, says Washington is one of the richest cities in resource materials for authors in her field.

Mrs. York, sister of Pearl Buck, says she usually goes first to the Library of Congress to get basic material from three or four books and the extensive newspaper files.

The author of biographies of Prime Minister Nehru of India and former President Truman and others, she also gets material through interviews.

People Are Funny
"I also like to go to the zoo, not to see the animals, but the people," she told me. Delia Goetz of the U. S. Office of Education, another writer for children, agrees with Mrs. York about the wealth of research facilities here. The embassies, she says, supply all the material you could want about foreign countries. The thousands of visitors who come here from abroad and all over the United States are sources for additional information. She cited also the Office of Education, the Department of Agriculture, the Capitol, the Pentagon, the Naval Observatory and the Smithsonian Institution as other "gold mines."

'Get Outdoors Or Go Blind' Doctor Warns

COLUMBIA, S. C. (AP) — Unless the human race turns back to more outdoor living, it may soon be plagued with "boudoir blindness."

That's the warning from Dr. Ned P. Hobbs, president of the South Carolina Optometric Association, who says—the human eye was not made for modern living.

"Nature intended man to use his eyes to stalk game and look off into the horizon," says Dr. Hobbs, "not for intricate tasks within arm's length."

MISS PERKINS, ELDER POLITICO, CITES NEED FOR CIVIL SERVANTS

By JANE EADS
WASHINGTON (AP)—Miss Frances Perkins, former secretary of labor and the country's first woman cabinet member, would be just as unlikely to give up her interest in politics and social service as her famous tricorn hats.

The Napoleonic chapeau, worn through the years by this militant and energetic woman who was one of the three federal civil service commissioners when she retired at the age of 70 in January, 1953, has been her trademark.

Standby Lady Medic Saves Heart Victim

MALDEN, Mass. (AP) — Dr. Mary E. Clarke, this city's only woman physician, has been cited by the Massachusetts Medical society and police for answering emergency calls when other physicians were not available.

She is credited with aiding a heart attack victim after 12 other doctors could not be reached.

a rocking-chair way of life," the lady said at the time. "I don't knit." In addition to plans for writing another book — her last was "The Roosevelt I Knew," published in 1946—Miss Perkins has joined the ranks of prominent Democratic women who are stumping the country to boost their party's cause in the developing political campaign.

Others in the group include the former ambassador to Denmark, Eugenie Anderson; former U. S. Treasurer Georgia Nease Clark

Gray, former Illinois Congresswoman, Dies

Gray, former Illinois Congresswoman Emily Taft Douglas, wife of Sen. Paul Douglas, the former alternate representative to the United Nations Status of Women Committee, Olive Remington Gold; and Mrs. Oscar Chapman, wife of the former secretary of the Interior.

Secretary of labor from March, 1933, to June, 1945, and one of the "inner circle" of Franklin D. Roosevelt's "New Deal," Miss Perkins strongly believes "it is the civil servants who are going to keep this government operating."

Government work, she had said, offers better than average opportunities for rank and file employees. "The efficient worker can look forward not only to regular in-grade pay increases but to promotions which may lift him to a very good salary indeed."

Miss Perkins says the current great pressure to reduce government personnel is practically unnecessary since personnel has been

May Pay Bonus To Deer Hunters

SALT LAKE CITY (AP) — Deer hunters are likely to get a bonus in Utah this year because the animals are thriving so mightily in some areas that they're eating themselves out of house and home.

The situation, which arises periodically in nearly all the important deer states, probably will be met here by special early, late and two-deer hunts in overcrowded areas.

gradually decreasing anyway since the end of the World War II.

At the time of her retirement, Miss Perkins said she planned to make Maine her legal residence. She was born in Boston and educated at Mount Holyoke College at South Hadley, Mass. However, she is still living in the house she took in residential Washington when she first came here.

DECLARE FOOD PRICES RISE BUT PROFITS FALL

One hundred persons were present for the annual Homemakers Day, held by the Adams County Agricultural Extension service Thursday at Zion Reformed Church, Gettysburg.

Miss Verna Parker, assistant professor of psychology at Wilson College and personal adjustment counselor there, spoke on "Atmospheric Conditions in the Home" as they relate to emotions. "We think nothing of saying to the members of our families horrible things that we would not dream of saying to our acquaintances, yet we wonder why our homes are not filled with peace and security" she said.

"Prime requirement for a good and happy home is a well developed sense of humor on the part of all concerned and an ability to keep the channels of communication open, to be able to talk to each other about our various failings without getting the emotions all involved."

Need Volume Sales

At a panel discussion on "What Happens To Our Food Dollar?" T. J. Schaeffer and Russell Gilbert, representing the grocers, said that "most of the increase has gone into overhead, increased rents, transportation costs, labor and the like. Most grocers are making less profit per item than they did in depression times when prices of foods were low. Only volume sales permits the grocer to make any profit today," they said.

Harry Scott, Roy Beckenluber and Ralph Tyson, representing the farmers said that many farmers are "taking a licking" in producing food. They cited high costs of feed, labor, and "everything else that goes into food production" as placing the farmer in a "cost-price squeeze" that sometimes causes him to sell some products at less than what they cost him to produce.

Miss Mickey Is Narrator Mrs. Robert Kenworthy and Mrs. William Darrah were the representatives of the homemakers on the panel. Their questions were augmented by a number of questions from the floor during the session. H. F. McPeely, Penn State University, was the moderator.

Miss Mary Jane Mickey, county home economics extension representative, was narrator for a display of garments made by members of the Cashtown, Frogtown and Tailoring groups. A program was presented by the Frogtown group with Mrs. Aaron Rohrbach as narrator.

Mrs. Herbert Zepp explained a scholarship fund set up at last year's annual meeting of Extension Home Economics. Under the plan collections are made at all of the Homemakers Day programs held throughout the state to provide funds to aid students of home economics extension at State University. Last year three \$100 scholarships were awarded. The collection at Gettysburg totaled \$16.

Mrs. Pauline Crouse gave details of last year's Homemakers' Week program at State University and urged attendance at the "week" this year, from June 28 to July 1.

SHEELY FILES LONG OPINION

A 65-page opinion has been filed in the office of the prothonotary of Franklin County in Chambersburg which may bring to a close 17 years of litigation in what has been popularly known as the "Landis Trust Case."

In the opinion filed by Judge W. C. Sheely of Adams County, certain exceptions made to a trusteeship report of the First National Bank and Trust Company of Waynesboro in 1937 are upheld while other exceptions are dismissed.

Attorneys who studied the report this week refused to say that it indicated a clear cut victory for either party in the litigation, saying that they could arrive at such a conclusion only after a long and careful study of the opinion.

Longest Filed Milton McDowell, prothonotary, said it was the longest legal paper to be filed during the time he has served in that office.

While certain important exceptions were dismissed by Judge Sheely, other exceptions were upheld and surcharges totaling \$114,620.31 with interest totaling \$27,961.65 were levied against the bank.

Judge Sheely's decree was a preliminary one and will become final at the expiration of 30 days from Monday if no exceptions are filed by interested parties. Attorneys are not yet in a position, they indicate, to say whether exceptions will be filed.

INTER-COUNTY ASSISTANCE BD. MEET PLANNED

Plans for an inter-county meeting of public assistance boards with Mrs. Eleanor G. Evans, secretary of public assistance, were advanced Thursday evening at a meeting of the Adams County Board of Assistance in the 17 N. Washington St. office.

Representatives of the following counties will meet at the Hotel Gettysburg, June 9: Lancaster, York, Adams, Franklin, Fulton, and North Cumberland.

The caseload analysis disclosed that the county board handled 14 more cases in March than during last month. The 559 cases in March involved 920 persons compared to last month's total of 545 cases and 874 people.

Comparative Figures

During April the board handled 279 cases of old age assistance involving 298 persons, and 105 blind pension cases. Seventy-eight cases of assistance to a total of 308 dependent children were noted and 42 disabled cases involved 48 persons. General assistance was given in 41 instances and involved 115 people.

Biggest change was noted in aid to dependent children during April where figures noted seven less cases and 2 less people than in March, 1954.

The board also heard the complaint of a recipient whose assistance has been discontinued because of possible relative assistance. Disatisfaction with the staff decision was stated.

saw Fickes from the time he obtained a soft drink until his return. Mrs. Thelma Brown, Littlestown, who worked near Fickes said he was away from his line only momentarily at the time the alleged theft took place and his supervisor, Mrs. Lillian Hahn, Hanover, also said he could not have been away from the machine long enough to get to the corridor without the line stopping, and she said it did not stop. Mrs. Brown said with "2,800 shoes a day" running on the line no one could leave more than momentarily without the line stopping.

Dehoff claimed he felt fingers in his hip pocket when Fickes went by, and discovered a moment later that his pocketbook containing \$46 was gone. He said he believed the pocketbook was there previously because he could feel it when he leaned over his machine, but said he had not actually looked at the pocketbook from noon until its disappearance about 3 o'clock. He said he did not immediately cry out when he "felt the pocketbook being removed" because he "thought it was a joke."

School. The talks were followed by "buzz sessions."

Mrs. Charles Smith presided at the meeting with nearly 50 persons in attendance. The election was held following presentation of a report by the nominating committee headed by Mrs. Clarence Epley Jr.

Reports presented showed the PTA Project committee had spent about \$474 during the year for record players, screens, records and recreational equipment for many of the schools in the jointure. The purchases were made in response to requests from the schools.

Get Gold Leaf Award
The president announced that the local PTA had received a "gold leaf" award for increasing its membership by more than 10 percent in the last year. Mrs. Smith said the local unit far exceeded that requirement but fell short of qualifying for the highest award which requires that every parent and teacher in the district be a PTA member.

The Rev. Mr. Brown, introduced by Mrs. A. W. Butterfield, program chairman, was the first speaker and discussed "Moral and Spiritual Education in the Home." He opened by saying: "The teaching of moral and spiritual values is the highest vocation known to man. Its responsibilities rest upon every parent. Moral and spiritual values cannot be taught as an accompaniment to the busy pace of life but as being of first importance, above everything else."

Stress Home Training
"Every family is a religious institution," he continued, "and in the intimacy of the home we teach most by what we are. The enthusiastic expression and contagious transmission of moral and spiritual values in the home must come from a hunger and thirst for those things on the part of the parents." He spoke of the importance of at-

"ONCE UPON"

Once upon a sudden friendship . . . two sad hearts became as one . . . and before they scarcely knew it . . . once upon a sincere greeting . . . life took on a magic glow . . . and the world was full of laughter . . . hidden thrills began to show . . . once upon a word of kindness . . . faith and hope were born anew . . . and the skies that once were dreary . . . now were brilliant azure blue . . . once upon a touch so gentle . . . followed by a tender kiss . . . hearts that were alone and empty . . . overflowed with joy and bliss . . . once upon a golden promise . . . church bells in the distance chimed . . . all of this most surely happened . . . happened once upon a time.

titudes learned in the home influenced not only by what the parents do but by what they omit doing, stressed the key element of guidance and forgiveness in discipline and concluded by briefly stating the goal of home instruction as teaching "respect and appreciation for self, others and God."

Mr. Darrah observed that all education involves the teaching of values but said that any family that leaves the teaching of moral and spiritual values up to the schools is "missing an opportunity and evading a responsibility."

He continued: "Schools can teach respect for truth, respect for individuality and fairplay. They can fortify honesty and integrity and these things are basic. They also can teach tolerance, democratic practice and a practical idealism. Teachers, like parents, live as examples in a plate glass window so the selection of the best possible teachers is of utmost importance. It's very important that we attract the best possible material to that vocation in spite of salary and other considerations."

To Hear Ira Baker
"Buzz" sessions followed and reports on them were presented by Mrs. Darrah, Mr. Butterfield, Carroll Smith and Elmer H. Schriver. The report of the treasurer, Edwin Longenecker, was presented in his absence by Mrs. C. A. Sloat and showed a current balance of \$540. In response to a letter from the Rockledge (Pa.) PTA a 25-cent gift was sent them for a parcel post auction being held there.

Mrs. Butterfield announced that

Ira Y. Baker, now an assistant superintendent in York County and former county superintendent here, will speak at the PTA meeting on May 20 on jointures.

Carroll Smith as Ways and Means committee chairman announced a food sale at Lincoln School in connection with the annual school art exhibit on the evening of May 13.

Have Special Music
The president announced a PTA-sponsored conference for mothers of next fall's first graders with teachers, school nurse and Dr. L. C. Keefe at the evening of May 6 at the high school library.

Brief reports on the district PTA conference last Saturday at Bloomsburg were given by Mr. and Mrs. James Feather, Mrs. Epley and Carroll Smith. Mrs. Robert Bloom reported for the Project Committee in the absence of her husband, the chairman.

On recommendation of the PTA Executive board \$15 was voted to the Day Care Center for retarded children here. Mrs. Douglas Smith, Donald Ullrich and Mr. Butterfield were named to an auditing committee.

School. The talks were followed by "buzz sessions."

Mrs. Charles Smith presided at the meeting with nearly 50 persons in attendance. The election was held following presentation of a report by the nominating committee headed by Mrs. Clarence Epley Jr.

Reports presented showed the PTA Project committee had spent about \$474 during the year for record players, screens, records and recreational equipment for many of the schools in the jointure. The purchases were made in response to requests from the schools.

Get Gold Leaf Award
The president announced that the local PTA has received a "gold leaf" award for increasing its membership by more than 10 percent in the last year. Mrs. Smith said the local unit far exceeded that requirement but fell short of qualifying for the highest award which requires that every parent and teacher in the district be a PTA member.

The Rev. Mr. Brown, introduced by Mrs. A. W. Butterfield, program chairman, was the first speaker and discussed "Moral and Spiritual Education in the Home." He opened by saying: "The teaching of moral and spiritual values is the highest vocation known to man. Its responsibilities rest upon every parent. Moral and spiritual values cannot be taught as an accompaniment to the busy pace of life but as being of first importance, above everything else."

Stress Home Training
"Every family is a religious institution," he continued, "and in the intimacy of the home we teach more by what we are. The enthusiastic expression and contagious transmission of moral and spiritual values in the home must come from a hunger and thirst for those things on the part of the parents." He spoke of the importance of at-

"ONCE UPON"

Once upon a sudden friendship . . . two sad hearts became as one . . . and before they scarcely knew it . . . they beheld a brighter sun . . . once upon a sincere greeting . . . life took on a magic glow . . . and the world was full of laughter . . . hidden thrills began to show . . . once upon a word of kindness . . . faith and hope were born anew . . . and the skies that once were dreary . . . now were brilliant azure blue . . . once upon a touch so gentle . . . followed by a tender kiss . . . hearts that were alone and empty . . . overflowed with joy and bliss . . . once upon a golden promise . . . church bells in the distance chimed . . . all of this most surely happened . . . happened once upon a time.

itudes learned in the home influenced not only by what the parents do but by what they omit doing, stressed the key element of guidance and forgiveness in discipline and concluded by briefly stating the goal of home instruction as teaching "respect and appreciation for self, others and God."

Mr. Darrah observed that all education involves the teaching of values but said that any family that leaves the teaching of moral and spiritual values up to the schools is "missing an opportunity and evading a responsibility."

He continued: "Schools can teach respect for truth, respect for individuality and fairplay. They can fortify honesty and integrity and these things are basic. They also can teach tolerance, democratic practice and a practical idealism. Teachers, like parents, live as examples in a plate glass window so the selection of the best possible teachers is of utmost importance. It's very important that we attract the best possible material to that vocation in spite of salary and other considerations."

To Hear Ira Baker
"Buzz" sessions followed and reports on them were presented by Mrs. Darrah, Mr. Butterfield, Carroll Smith and Elmer H. Schriver. The report of the treasurer, Edwin Longenecker, was presented in his absence by Mrs. C. A. Sloat and showed a current balance of \$540. In response to a letter from the Rockledge (Pa.) PTA a 25-cent gift was sent them for a parcel post auction being held there.

Mrs. Butterfield announced that

Ira Y. Baker, now an assistant superintendent in York County and former county superintendent here, will speak at the PTA meeting on May 20 on jointures.

Carroll Smith as Ways and Means committee chairman announced a food sale at Lincoln School in connection with the annual school art exhibit on the evening of May 13.

Have Special Music
The president announced a PTA-sponsored conference for mothers of next fall's first graders with teachers, school nurse and Dr. L. C. Kee-fauver the evening of May 6 at the high school library.

Brief reports on the district PTA conference last Saturday at Bloomsburg were given by Mr. and Mrs. James Feather, Mrs. Epley and Carroll Smith. Mrs. Robert Bloom reported for the Project Committee in the absence of her husband, the chairman.

On recommendation of the PTA Executive board \$15 was voted to the Day Care Center for retarded children here. Mrs. Douglas Smith, Donald Ulrich and Mr. Butterfield were named to an auditing committee.

Between the business session and the program Thursday evening, Mrs. Philip McGuire sang three solos accompanied at the piano by her husband.

DECLARE FOOD PRICES RISE BUT PROFITS FALL

One hundred persons were present for the annual Homemakers Day, held by the Adams County Agricultural Extension service Thursday at Zion Reformed Church, Gettysburg.

Miss Verna Parker, assistant professor of psychology at Wilson College and personal adjustment counselor there, spoke on "Atmospheric Conditions in the Home" as they relate to emotions. "We think nothing of saying to the members of our families horrible things that we would not dream of saying to our acquaintances, yet we wonder why our homes are not filled with peace and security," she said.

"Prime requirement for a good and happy home is a well developed sense of humor on the part of all concerned and an ability to keep the channels of communication open, to be able to talk to each other about our various failings without getting the emotions all involved."

Need Volume Sales

At a panel discussion on "What Happens To Our Food Dollar?" T. J. Schaeffer and Russell Gilbert, representing the grocers, said that "most of the increase has gone into overhead, increased rents, transportation costs, labor and the like. Most grocers are making less profit per item than they did in depression times when prices of foods were low. Only volume sales permits the grocer to make any profit today," they said.

Harry Scott, Roy Heckenluber and Ralph Tyson, representing the farmers said that many farmers are "taking a licking" in producing food. They cited high costs of feed, labor, and "everything else that goes into food production" as placing the farmer in a "cost-price squeeze that sometimes causes him to sell some products at less than what they cost him to produce."

Miss Mickey Is Narrator

Mrs. Robert Kenworthy and Mrs. William Darrah were the representatives of the homemakers on the panel. Their questions were augmented by a number of questions from the floor during the session. H. F. McFeely, Penn State University, was the moderator.

Miss Mary Jane Mickey, county home economics extension representative, was narrator for a display of garments made by members of the Cashtown, Frogtown and Tailoring groups. A program was presented by the Frogtown group with Mrs. Aaron Rohrbough as narrator.

Mrs. Herbert Zepp explained a scholarship fund set up at last year's annual meeting of Extension Home Economics. Under the plan collections are made at all of the Homemakers Day programs held throughout the state to provide funds to aid students of home economics extension at State University. Last year three \$100 scholarships were awarded. The collection at Gettysburg totaled \$16.

Mrs. Pauline Crouse gave details of last year's Homemakers' Week program at State University and urged attendance at the "week" this year, from June 28 to July 1.

INTER-COUNTY ASSISTANCE BD. MEET PLANNED

Plans for an inter-county meeting of public assistance boards with Mrs. Eleanor G. Evans, secretary of public assistance, were advanced Thursday evening at a meeting of the Adams County Board of Assistance in the 17 N. Washington St. office.

Representatives of the following counties will meet at the Hotel Gettysburg, June 9: Lancaster, York, Adams, Franklin, Fulton, and North Cumberland.

The caseload analysis disclosed that the county board handled 14 more cases in March than during last month. The 559 cases in March involved 930 persons compared to last month's total of 545 cases and 874 people.

Comparative Figures

During April the board handled 279 cases of old age assistance involving 398 persons, and 105 blind pension cases. Seventy-eight cases of assistance to a total of 308 dependent children were noted and 42 disabled cases involved 48 persons. General assistance was given in 41 instances and involved 115 people.

Biggest change was noted in aid to dependent children during April where figures noted seven less cases and 2 less people than in March, 1954.

The board also heard the complaint of a recipient whose assistance has been discontinued because of possible relative assistance. Disatisfaction with the staff decision was stated.

The meeting was presided over by the Rev. A. W. Geigley. Other members present were: Mrs. William M. Conover, Mrs. W. F. Holtzworth, E. M. Gruver, Wilbur Bankert and Mrs. Verna Myers, executive director. The next session of the board was scheduled for May 26.

Acquit Fickes

(Continued from Page 1)

saw Fickes from the time he obtained a soft drink until his return. Mrs. Thelma Brown, Littlestown, who worked near Fickes said he was away from his line only momentarily at the time the alleged theft took place and his supervisor, Mrs. Lillian Hahn, Hanover, also said he could not have been away from the machine long enough to get to the corridor without the line stopping, and she said it did not stop. Mrs. Brown said with "2,800 shoes a day" running on the line no one could leave more than momentarily without the line stopping.

Dehoff claimed he felt fingers in his hip pocket when Fickes went by, and discovered a moment later that his pocketbook containing \$46 was gone. He said he believed the pocketbook was there previously because he could feel it when he leaned over his machine, but said he had not actually looked at the pocketbook from noon until its disappearance about 3 o'clock. He said he did not immediately cry out when he "felt the pocketbook being removed" because he "thought it was a joke."

SHEELY FILES LONG OPINION

A 65-page opinion has been filed in the office of the prothonotary of Franklin County in Chambersburg which may bring to a close 17 years of litigation in what has been popularly known as the "Landis Trust Case."

In the opinion filed by Judge W. C. Sheely of Adams County, certain exceptions made to a trusteeship report of the First National Bank and Trust Company of Waynesboro in 1937 are upheld while other exceptions are dismissed.

Attorneys who studied the report this week refused to say that it indicated a clear cut victory for either party in the litigation, saying that they could arrive at such a conclusion only after a long and careful study of the opinion.

Longest Filed

Milton McDowell, prothonotary, said it was the longest legal paper to be filed during the time he has served in that office.

While certain important exceptions were dismissed by Judge Sheely, other exceptions were upheld and surcharges totaling \$14,620.31 with interest totaling \$27,961.65 were levied against the bank.

Judge Sheely's decree was a preliminary one and will become final at the expiration of 30 days from Monday if no exceptions are filed by interested parties. Attorneys are not yet in a position, they indicate, to say whether exceptions will be filed.

By GEORGE MATTHEW ADAMS

THE GLORY OF EARTH

The longer I live, and the more
I glory in this earth, the more do
I note in its nature, the more do
I note in its nature of ours. Actual
miracles everywhere. A lover of
this earth never ceases to wonder
and take pride in his free in-
heritance.There are protective agencies
ever at work to assure continuity
and progressive life. It is so pro-
nounced in the springtime. After
the frost is gone in our colder
climates there is the good earth
ready for the hands and instru-
ments that prepare it for addition-
al beauty through cultivation and
planting. And how responsive is
nature when you tell it that you
love it!I like to walk through forests
and non-cultivated areas, for there
is so much self-support there. Co-
operative agencies everywhere one
looks. There is dying here and
there but only to point to new
life. It is only when nature is dis-
turbed that it revolts. The tropics
are alive with life and beauty.
There are secrets that man has
not yet troubled to reveal. The
naturalist lives in a world of won-
der and admiration.So-called civilization has changed
so much that once was our security.
The wanton destruction of our for-
ests have had much to do with the
cruel dust storms that have so
ravished our lands. We are too
restless and anxious for quick re-
sults, and nature has to punish us
for it. We learn through punish-
ment!Is there anything so illustrative
of life as a beautiful mountain
stream? It has youth and hope,
carried with it from its sources to
its final mingling with the great
waters of the ocean. The birds are
happy in their abode upon this
earth or they would not unceasing-
ly sing their songs of joy. "Sunset
and evening star," wrote Tenny-
son, and the Psalmist, as he looked
into the heavens, exclaimed:
"What is man?" All wrapped up
in one mighty spectacle—the glory
of this earth!Tomorrow Mr. Adams will talk
on the subject: "Friends."

TO ALL PARENTS

"I'll lend you for a little time a
child of mine." He said.
"For you to love the while she
lives and mourn for when
she's dead."It may be six or seven years, or
twenty-two or three.
But will you, till I call her back,
take care of her for me?
She'll bring her charms to
gladden you, and shall her
stay be brief
You'll have her lovely memories
as solace for your grief."I cannot promise she will stay,
since all from earth return.
But there are lessons taught
down there I want this child
to learn.
I've looked the wide world over
in my search for teachers
trueAnd from the throngs that crowd
life's lanes I have selected
you.
Now will you give her all your
love, nor think the labor
vain,
Nor hate me when I come to
call to take her back again?"I fancied that I heard them say:
"Dear Lord, Thy will be
done!
For all the joy Thy child shall
bring, the risk of grief we'll
run.
We'll shelter her with tenderness,
we'll love her while we may,
And for the happiness we've
known forever grateful stay;
But shall the angels call for her
much sooner than we've
planned.
We'll brave the bitter grief that
comes and try to
understand."

McCarthy Says He's Being
Shadowed During Hearing

By JACK BELL

WASHINGTON (AP)—Sen. Mc-
Carthy (R-Wis.) said today he has
"persistent reports, tips and rum-
ors" that the Army is shadowing
his staff and witnesses in his con-
troversy with high Pentagon offi-
cials.Backed in this by Roy M. Cohn,
chief counsel to his investigations
subcommittee, McCarthy said in
an interview in advance of today's
televised hearings into the row that
he wants the subcommittee, from
which he has stepped temporarily,
to find out whether these rumors
are true. They were discounted by
two of the Pentagon principals in
the case.Pvt. G. David Schine, former
McCarthy aide, was recalled to the
witness chair today. Secretary of
the Army Stevens has charged that
McCarthy and Cohn sought fa-
vored treatment for the Army pri-
vate, a charge they deny.

More Heat Than Light

Schine's initial appearance at the
week-long hearings yesterday pro-
duced considerable heat but little
light. McCarthy accused Subcom-
mittee Special Counsel Ray H. Jen-
kins of badgering Schine. Schine
himself told Jenkins, "If you are
abusing me, it doesn't bother me."He was called to testify now only
about a photograph of him and
Secretary Stevens, introduced at
the hearings earlier. The Mc-
Carthy side said it helped show
that, as they have contended, Ste-
vens was trying to "appease" the
McCarthy subcommittee while ac-
cusing it of improper pressure in
Schine's behalf.McCarthy and Cohn in turn have
accused Stevens and his aides of
seeking to get the senator's sub-Labor Strikes Hit

were 300,000 workers involved.This compares with 1,276 strikes

Roberts Beats Milwaukee With His First One-Hitter In Shutout

By BEN PHLEGAR
AP Sports Writer

Hitters beware! Philadelphia's Robin Roberts is back in form — with a vengeance.

The tireless right-hander has been mowing down the opposition with amazing regularity for 5½ seasons. But he hit the skids in the last six weeks of the 1953 campaign, losing eight while winning only three.

After showing next to nothing in spring training Roberts was kayeered by the upstart Pittsburgh Pirates on opening day 4-2 and they began to sing the blues in Philadelphia.

His First One-hitter
But that's all over and forgiven now. He topped the Pirates the next time out with a four-hit shutout, lost 1-0 heartbreaker to the New York Giants last weekend and then last night stopped the Milwaukee Braves on one lonesome hit 4-0.

Del Crandall's third-inning double put the only dent in one of Roberts' best ever performances. The 27-year-old Michigan State star faced 30 batters, walked two and struck out six.

The one-hitter was Roberts' first anywhere.

Brooklyn Beats Redlegs
In other major league action yesterday the Brooklyn Dodgers pounded five home runs in beating the Cincinnati Redlegs 7-5 but the Redlegs held on to first place in the National League as Pittsburgh nipped St. Louis 4-1. Baltimore edged Washington 2-1. Cleveland defeated Boston 6-3 and the New York Yankees evened matters with the Chicago White Sox 5-4. The four other clubs weren't scheduled.

Junior Gilliam led the Dodger home run barrage in Cincinnati with a pair and added a double to the 10-hit attack against Harry Perkowski. Dick Williams, Pee Wee Reese and Gilliam all homered in the sixth inning. Snider got one in the first.

A pair of doubles, a walk and a sacrifice fly got a Redleg rally going in the ninth but relief ace Jim Hughes retired Jim Greengrass on a foul fly with the tying runs on base.

Bob Purkey, one of the score of Pittsburgh rookies, won his first major league start as Dick Cole singled home two runs in the top of the ninth at St. Louis. Harvey Haddix struck out 13 Pirates in suffering his third loss.

Casey Stengel, who rewrites the rules of baseball strategy almost daily, brought in left-handed Enos Slaughter to pinch hit against lefty Billy Pierce in the sixth inning in New York and the former Cardinal star delivered a single that tied the game.

Eddie Robinson, another pinch hitter, followed with another single that meant another run and Allie Reynolds saved Eddie Lopez's 15th major league triumph with three hitless innings in relief.

Turley Strikes Out 9
Cleveland warmed up for a two-game series with the Yankees by pounding four Boston pitchers for nine hits. The Indians got five of their runs in the first two innings as Willard Nixon suffered from wildness.

Bob Turley of the Orioles who was beaten by Cleveland in his last start after pitching no-hit ball into the ninth inning, was in fine form again against Washington. He struck out nine, making him the league's leading strikeout artist, and allowed only five hits.

Only Gettysburg and Hanover High Schools will take part in the track meet today at Hanover. Middletown had planned to participate but notified officials it had decided to forego the meet.

SPEEDWAY WILL SEEK TO START RACES TONIGHT

Racing fans and sportsman model stock car drivers alike are hoping for a better fate tonight than that which greeted them last Friday in the scheduled opening of the Lincoln Speedway, near New Oxford. Last week's program was rained out.

The first event of an action-packed six-event card is slated to get underway at 8 p.m. Starting activity will be the first of three heat races, followed by two consolation and a 25-lap feature.

If the performances of the Penn-Mar Stock Car Racing Association drivers at the other two Penn-Mar sanctioned tracks is any indication, fans will be in for plenty of thrills.

"Wild Walt" Ragan ranks as a heavy favorite to finish in front of the pack of vehicles. Ragan has won three features while competing with Penn-Mar drivers this year.

He captured two firsts at the Mason-Dixon Speedway, Oxford, Pa., and last week's opener at Lancaster. The only other feature winners this year include Vic Nauman Jr. and "Bud" Hamilton, each of whom has won once.

Hamilton is leading the point standings by virtue of his consistent driving which includes two thirds and a second. Nauman is a close second followed by Ragan.

Racing will continue at Lincoln every Friday night with the opening event to start at 8 o'clock.

25-DAY SPRING MEET OPENS

CAMDEN, N. J. (AP)—The \$30,000 added Valley Forge Handicap for three-year olds and up tomorrow features the opening of the Garden State Park's 25-day spring meeting.

The Valley Forge is the first of 10 stakes fixtures worth some \$270,000 in added money that will highlight the season at the improved and enlarged race track.

The richest purse is the \$50,000 added Jersey Stakes, to be run May 29, the final Saturday of the meeting.

Some 35,000 fans are expected for tomorrow's opening. As a result of off season improvements, however, the grandstand can now accommodate crowds in excess of 50,000.

Royal Vale, owned by Mrs. J. R. H. Thouron and Alfred Vanderbilt's Find are favorites in the mile and 70-yard Valley Forge. Other top prospects include Landlocked, Laffango, Andrew and Marcador.

READING BEATS SCHENECTADY

By THE ASSOCIATED PRESS
Deuces were wild for pitcher Roberto Vargas of the Eastern League's Reading Indians last night.

Vargas, seeking his second victory at Schenectady, ran into all his trouble in the second inning. He held the Blue Jays to one hit in the seven-inning opener of a doubleheader, but lost the decision to Mike Lipetri, 2-1. Reading got five safeties.

Hank Aguirre hurled the Indians to victory in the second game, 5-3. The Albany Senators invaded Alintown and swamped the Redbirds, 11-2; Wilkes-Barre's Barons edged Binghamton on the Triples' home field, 2-1; and the host Williamsport Grays tripped the Elmira Pioneers, 8-1.

Vargas walked Al Neil, Jay centerfielder, to open the last of the second. Schenectady catcher Jim Turner was hit by a pitched ball, and second baseman Wally Habel slammed a run-scoring single to right. Shortstop Jim Ollis cashed Turner with an outfield fly to complete Schenectady's scoring.

Seth Morehead, who was seeking his third victory of the season, was the Blue Jay losing pitcher in the nightcap.

CROWDS JAM LOUISVILLE FOR DERBY CLASSIC

By ORLO ROBERTSON

LOUISVILLE, Ky. (AP)—A human flood threatened to engulf this Ohio River town as time approached for tomorrow's running of the 80th Kentucky Derby with a near record field in prospect for the \$100,000-added race for three-year-olds.

The city was bulging at the seams as the trainers of an expected field of at least 20 marched into the secretary's office at Churchill Downs early this morning to drop the names of their hopefuls into the entry box for perhaps the richest of all derbies.

They came from far and near, by automobile, regular and special trains and airplanes. And there were some known even to be enroute by Shanks' pony. Hotel men said there wouldn't be an available room within 100 miles of Louisville by nightfall.

H-Bomb Runs Second

Few sporting events can match the Derby in color and this year is no exception. The Downs itself is a thing of beauty with its multiple colored flowers and plants and closely cropped grass.

A man on the street was asked the latest on McCarthy and he replied: "Didn't know he was starting in the Derby. What is his odds?"

Stars Are Calm

Out of the Downs' backstretch, where the Derby horses are stabled, the stars of this three-ring circus were as calm as if they were being pointed for an ordinary race. But not so with a number of the owners and trainers. They were edgy, just like a boxer coming up for a championship fight.

Many, unfamiliar with the pressure that builds up day by day, have been stall walking for days ever worrying that something would happen to keep them from being represented in America's No. 1 horse race.

Post time for the Derby is 5:30 p.m. and by that time the three-eighths mile long stands and the infield are expected to be packed with more than 100,000 spectators. The mile and a quarter classic will be televised from 5 to 5:45 p.m. and broadcast from 5:15 to 5:45 by Columbia Broadcasting System.

The sea and inland waters produce only about 1 per cent of the world's human food.

Roberts Beats Milwaukee With His First One-Hitter In Shutout

By BEN PHLEGAR
AP Sports Writer

Hitters beware! Philadelphia's Robin Roberts is back in form — with a vengeance.

The tireless right-hander has been mowing down the opposition with amazing regularity for 5½ seasons. But he hit the skids in the last six weeks of the 1953 campaign, losing eight while winning only three.

After showing next to nothing in spring training Roberts was kayoed by the upstart Pittsburgh Pirates on opening day 4-2 and they began to sing the blues in Philadelphia.

His First One-hitter

But that's all over and forgiven now. He topped the Pirates the next time out with a four-hit shutout, lost 1-0 heartbreaker to the New York Giants last weekend and then last night stopped the Milwaukee Braves on one lonesome hit 4-0.

Del Crandall's third-inning double put the only dent in one of Roberts' best ever performances. The 27-year-old Michigan State star faced 30 batters, walked two and struck out six.

The one-hitter was Roberts' first anywhere.

Brooklyn Beats Redlegs

In other major league action yesterday the Brooklyn Dodgers pounded five home runs in beating the Cincinnati Redlegs 7-5 but the Redlegs held on to first place in the National League as Pittsburgh edged Washington 2-1. Cleveland defeated Boston 6-3 and the New York Yankees evened matters with the Chicago White Sox 5-4. The four other clubs weren't scheduled.

Junior Gilliam led the Dodger home run barrage in Cincinnati with a pair and added a double to the 10-hit attack against Harry Perkowski. Dick Williams, Pee Wee Reese and Gilliam all homered in the sixth inning. Snider got one in the first.

A pair of doubles, a walk and a sacrifice fly got a Redleg rally going in the ninth but relief ace Jim Hughes retired Jim Greengrass on a foul fly with the tying runs on base.

Bob Purkey, one of the score of Pittsburgh rookies, won his first major league start as Dick Cole singled home two runs in the top of the ninth at St. Louis. Harvey Haddix struck out 13 Pirates in suffering his third loss.

Casey Stengel, who rewrites the rules of baseball strategy almost daily, brought in left-handed Enos Slaughter to pinch hit against lefty Billy Pierce in the sixth inning in New York and the former Cardinal star delivered a single that tied the game.

Eddie Robinson, another pinch hitter, followed with another single that meant another run and Allie Reynolds saved Eddie Lopat's 150th major league triumph with three hitless innings in relief.

Turley Strikes Out 9

Cleveland warmed up for a two-game series with the Yankees by pounding four Boston pitchers for nine hits. The Indians got five of their runs in the first two innings as Willard Nixon suffered from wildness.

Bob Turley of the Orioles who was beaten by Cleveland in his last start after pitching no-hit ball into the ninth inning, was in fine form again against Washington. He struck out nine, making him the league's leading strikeout artist, and allowed only five hits.

SPEEDWAY WILL SEEK TO START RACES TONIGHT

Racing fans and sportsman model stock car drivers alike are hoping for a better fate tonight than that which greeted them last Friday in the scheduled opening of the Lincoln Speedway, near New Oxford.

The first event of an action-packed six-event card is slated to get underway at 8 p.m. Starting activity will be the first of three heat races, followed by two consolation and a 25-lap feature.

If the performances of the Penn-Mar Stock Car Racing Association drivers at the other two Penn-Mar sanctioned tracks is any indication, fans will be in for plenty of thrills.

"Wild Walt" Ragan ranks as a heavy favorite to finish in front of the pack of vehicles. Ragan has won three features while competing with Penn-Mar drivers this year. He captured two firsts at the Mason-Dixon Speedway, Oxford, Pa., and last week's opener at Lancaster. The only other feature winners this year include Vic Nauman Jr., and "Bud" Hamilton, each of whom has won once.

Hamilton is leading the point standings by virtue of his consistent driving which includes two thirds and a second. Nauman is a close second followed by Ragan.

Racing will continue at Lincoln every Friday night with the opening event to start at 8 o'clock.

25-DAY SPRING MEET OPENS

CAMDEN, N. J. (AP)—The \$30,000 added Valley Forge Handicap for three-year olds and up tomorrow features the opening of the Garden State Park's 25-day spring meeting.

The Valley Forge is the first of 10 stakes fixtures worth some \$270,000 in added money that will highlight the season at the improved and enlarged race track.

The richest purse is the \$50,000 added Jersey Stakes, to be run May 29, the final Saturday of the meeting.

Some 35,000 fans are expected for tomorrow's opening. As a result of off season improvements, however, the grandstand can now accommodate crowds in excess of 50,000.

Royal Vale, owned by Mrs. J. R. H. Thouron and Alfred Vanderbilt's Find are favorites in the mile and 70-yard Valley Forge. Other top prospects include Landlocked, Laffango, Andrew and Marcador.

READING BEATS SCHENECTADY

By THE ASSOCIATED PRESS

Deuces were wild for pitcher Roberto Vargas of the Eastern League's Reading Indians last night.

Vargas, seeking his second victory at Schenectady, ran into all his trouble in the second inning. He held the Blue Jays to one hit in the seven-inning opener of a doubleheader, but lost the decision to Mike Lipetri, 2-1. Reading got five safeties.

Hank Aguirre hurled the Indians to victory in the second game, 5-3. The Albany Senators invaded Allentown and swamped the Redbirds, 11-2; Wilkes-Barre's Barons edged Binghamton on the Triples' home field, 2-1; and the most Williamsport Grays tripped the Elmira Pioneers, 8-1.

Vargas walked Al Neil, Jay centerfielder, to open the last of the second. Schenectady catcher Jim Turner was hit by a pitched ball, and second baseman Wally Habel slammed a run-scoring single to right. Shortstop Jim Ollis cashed Turner with an outfield fly to complete Schenectady's scoring.

Seth Morehead, who was seeking his third victory of the season, was the Blue Jay losing pitcher in the nightcap.

Biglerville and Boiling Springs continued in a deadlock for first place in the Adams County Scholastic Baseball League by gaining victories Thursday.

The undefeated Cannons blanked Newville 3-0 for their fourth straight league win and fifth of the season. Day, Cannon hurler, fanned 10 and gave up five hits. Dugan hurled to one man in the final frame and chalked up a strikeout. K. Pitzer got the only extra base hit of the game when he tripled in the fourth frame as Biglerville tallied twice.

Boiling Springs was forced to go an extra inning before edging Fairfield on the Bubbler's diamond 4-3.

A single by Brownawell, a safe bunt by Eddie Dasher, fielder's choice, infield out and an intentional pass loaded the bases. Ronnie Myers then singled home the winning tally.

Pete Kemper's York Springs outfit remained one game off the pace by defeating New Oxford at York Springs 8-1. Weigle allowed New Oxford but one hit, a single by Bream in the fourth inning. The lone New Oxford run was the result of a walk, stolen base and error in the second.

Littlestown romped to an easy 10-3 victory over winless East Berlin at Abbottstown. The Thunderbolts sewed up the decision with five runs in the second inning.

THE GLORY OF EARTH
The longer I live, and the more I note all in nature, the more do I glory in this earth of ours. Actual miracles everywhere. A lover of this earth never ceases to wonder and take pride in his free inheritance.

There are protective agencies ever at work to assure continuity and progressive life. It is so pronounced in the springtime. After the frost is gone in our colder climates there is the good earth ready for the hands and instruments that prepare it for additional beauty through cultivation and planting. And how responsive is nature when you tell it that you love it!

I like to walk through forests and non-cultivated areas, for there is so much self-support there. Co-operative agencies everywhere one looks. There is dying here and there but only to point to new life. It is only when nature is disturbed that it revolts. The tropics are alive with life and beauty. There are secrets that man has not yet troubled to reveal. The naturalist lives in a world of wonder and admiration.

So-called civilization has changed so much that once our security. The wanton destruction of our forests have had much to do with the cruel dust storms that have so ravished our lands. We are too restless and anxious for quick results, and nature has to punish us for it. We learn through punishment!

Is there anything so illustrative of life as a beautiful mountain stream? It has youth and hope, carried with it from its sources to its final mingling with the great waters of the ocean. The birds are happy in their abode upon this earth or they would not ceaselessly sing their songs of joy. "Sunset and evening star" wrote Tennyson, and the Psalmist, as he looked into the heavens, exclaimed: "What is man?" All wrapped up in one mighty spectacle—the glory of this earth!

Tomorrow Mr. Adams will talk on the subject: "Friends."

Out Of The Past
From the Files of the Star and Sentinel and The Gettysburg Times
FIFTEEN YEARS AGO

Few Days Of Warm Weather Will Bring Out The Fruit Blossoms, Says Hartman: A few days of warm weather will turn the Adams-Franklin county fruit belt into a land of fragrant blossoms this week, County Agent M. T. Hartman, of Gettysburg, said today.

A half-million peach and apple trees dot the countryside of the two counties. Thousands of motorists come here each spring to see the light pink peach blossoms and the more fragrant white-blossomed apple trees whose buds burst about ten days after the peach buds.

The 10,000,000 apple trees produce about 5,000,000 bushels of fruit. The locality turns out about 700,000 bushels of peaches. Hartman said the rainy and cool weather of the last two weeks has delayed the blooms.

"But they'll be out next Sunday, anyway," he said. "A few warm days will make them pop before that." The blooms ordinarily last a week.

Other blossoms that bring visitors here are the acres of dogwood and redbud trees on the Gettysburg battlefield. They usually appear with the apple blossoms the first week in May.

White cherry blossoms, not so common as the other two fruits, help beautify the rolling countryside between the peach and apple blooming periods.

McCarthy Says He's Being Shadowed During Hearing
By JACK BELL

*WASHINGTON (AP) — Sen. McCarthy (R-Wis.) said today he has "persistent reports, tips and rumors" that the Army is shadowing his staff and witnesses in his controversy with high Pentagon officials.

Backed in this by Roy M. Cohn, chief counsel to his investigations subcommittee, McCarthy said in an interview in advance of today's televised hearings into the row that he wants the subcommittee, from which he has stepped temporarily, to find out whether these rumors are true. They were discounted by two of the Pentagon principals in the case.

Pvt. G. David Schine, former McCarthy aide, was recalled to the witness chair today. Secretary of the Army Stevens has charged that McCarthy, and Cohn sought favored treatment for the Army private, a charge they deny.

More Heat Than Light
Schine's initial appearance at the week-long hearings yesterday produced considerable heat but little light. McCarthy accused Subcommittee Special Counsel Ray H. Jenkins of badgering Schine. Schine himself told Jenkins, "If you are abusing me, it doesn't bother me."

He was called to testify only about a photograph of him and Secretary Stevens, introduced at the hearings earlier. The McCarthy aide said it helped show that, as they have contended, Stevens was trying to "appease" the McCarthy subcommittee while accusing it of improper pressure in Schine's behalf.

McCarthy and Cohn in turn have accused Stevens and his aides of seeking to get the senator's sub-

Labor Strikes Hit Post-war Low In '54
WASHINGTON (AP) — The number of labor strikes reached a post-war low during the first quarter of this year, the Bureau of Labor Statistics (BLS) said today.

It said the 800 strikes and 3,050,000 man days lost because of the stoppages from January through March was lower than any corresponding postwar quarter. There were 300,000 workers involved.

This compares with 1,276 strikes in January-March 1963 involving 550,000 workers and 3,720,000 man days of idleness.

Strike activity during the first quarter of this year was listed as 20 per cent lower than during the first quarter average for the 1947-49 period, with 60 per cent fewer workers involved and 50 per cent less idleness.

"Skid Row" Film On Saturday At EUB
JAMES HUGHES
Scenes from Chicago's Skid Row are featured in "The Street," new color documentary film which will be shown at Memorial Evangelical United Brethren Church here Saturday at 8 p.m.

"The Street" is based on an actual case history from the files of the Pacific Garden Mission, who are sponsoring the new film, according to Superintendent Harry Saulnier. It tells the story of a youthful alcoholic who turns to God out of the depths of spiritual and physical need.

Cavalcade Productions, who previously filmed "Out of the Night" for the mission, produced the new picture, with Dale McCulley handling script and Henry Ushijima in charge of direction and cinematography. The leading role is taken by James Hughes.

The mission also sponsors the "Unhacked" radio network program, a half-hour dramatic show which is also built on case histories from the mission.

WILL REPLACE GAS MAIN IN N. O.

Better gas pressures and increased delivery capacity will result from a \$6,951 gas main replacement project scheduled to get underway this week in New Oxford.

Julian N. Estep, local manager for the Manufacturers Light and Heat Company, said the work involves replacing 1,390 feet of two-inch gas main with larger four-inch pipe.

The old gas main will be lifted and the new one laid along the Lincoln Highway from the east borough line to the square. "By bolstering the present delivery system it will result in better gas pressures, especially during severe cold weather, throughout New Oxford," Mr. Estep said.

"Replacement of the old gas main with larger pipe has been needed here to enable the company to meet a phenomenal increase in demand for gas in the community."

"Last year we delivered over five times more gas in New Oxford than the gas company was called upon to furnish just eight years ago, in 1945," Mr. Estep explained.

"The old two-inch pipe was never made to carry the volumes of gas we must now pipe into the community to meet requirements of our customers there."

At the end of World War II the gas company, then the Gettysburg Gas Corporation, since merged with Manufacturers, was furnishing gas for central heating purposes to one customer in New Oxford, out of a total of 197 consumers.

Now, 113 families out of 298 residential gas consumers are heating their homes with gas. Fourteen out of 23 stores and business places heat with gas. And the total number of all gas consumers has increased from 197 to 323.

Proclamation

On Saturday, the first day of May, 1954, the members of the Junior Chamber of Commerce will offer individual and collective prayers asking that God bring together in spirit the Communist leaders and the leaders of our own country so they may hand-in-hand conduct a zealous search for lasting peace.

The program of special prayer... called May Day - Pray Day... is designed to give new, lofty significance to the Communist holiday and to provide an opportunity to the citizens of this community to join together for a single purpose in exerting the most powerful force at our command—prayer.

In aid and assistance of such a worthy program, I, William G. Weaver, as Burgess of Gettysburg, do hereby proclaim Saturday, May 1, 1954, as May Day-Pray Day and do urge that all the citizens of Gettysburg join with the Junior Chamber of Commerce in asking God to bring together in spirit the Communist leaders and the leaders of our own nation so they may hand-in-hand conduct a zealous search for lasting peace.

GUESTS HAPPIER—CHURCH INCOME HIGHER WITH NEW MONROE TABLES

The above comments are typical of the thousands we receive from church people who have found in Monroe Folding Banquet Tables the happy solution to their problems in setting up and serving church dinners, etc. And the experience of Mrs. X could be that of any of these thousands of women connected with churches as well as many other institutions who have purchased Monroe tables, chairs, etc. There are probably more than one "Mrs. X" right in your community to whom we could refer you.

While helping serve a banquet to raise funds for her church a few months ago, Mrs. X noticed that the guests were crowded and uncomfortable and that it was actually impossible to seat all guests at one time.

Later, Mrs. X saw and answered one of our ads and was amazed to learn from our reply of the many exclusive advantages and the low, direct price offered only on Monroe Folding Tables. After receiving the new Monroe Tables ordered by her church, Mrs. X wrote us that their members and guests are happier and with the increased attendance at their church affairs, their income is higher since they added their new Monroe Tables.

We know you, too, would like new, modern Monroe Folding Banquet Tables for your church lodge, club, school, etc. Write us today for catalog and special discounts to institutions and organizations. Terms situations and organizations. Terms up to 3 years can be arranged, 6 months with no interest or carrying charge.

JUDGEMENT ON JEROBOAM

I Kings 16:1-10, 12-16

Key Verse: Beware lest thou forget the Lord, thy God, in not keeping his commandments. Deuteronomy 8:11.

When Solomon was making repairs in Jerusalem and a fortress near the city, he chose an industrious and efficient young man to supervise the work. He was Jeroboam, born in a village in the Jordan valley. Solomon's reign had already met with God's disapproval. One day while going out of the city the prophet Ahijah met Jeroboam, told him the kingdom would be divided and Jeroboam would become king of the ten northern tribes. This came to the ears of Solomon who promptly sought the life of his young official, causing Jeroboam to flee to Egypt where

he was welcomed by the king of that country.

After Solomon's death a meeting was called to make his son Jeroboam king. The refugee in Egypt decided to attend the meeting which was held at Shechem. He got the floor and addressed the gathering. He urged reforms which would lighten the burdens of the people. Evidently a very good campaign speech with a platform. Rehoboam, as chairman, did not handle the situation well and ten tribes revolted, walked out of the meeting as it were, and elected Jeroboam as their king. The prophecy was fulfilled. The kingdom of David was divided.

The prophet Ahijah had correctly predicted the events which now had come to pass. But the success of the divided kingdom was conditioned upon the faithful obedience to the will and command of God. "If you will hearken to all that I command you—I will build you a sure house, as I built for David." That was a great promise and the only condition was that Jeroboam yield to Divine guidance.

Constant friction and much warfare developed between the rulers of the kingdoms of Israel and Judah. It all might have been otherwise, as is the case often in history. One act by Jeroboam was especially offensive to God. The king was fearful that if his people continued to worship in the temple in Jerusalem, which was in the Southern kingdom, they would be drawn away from its domain. Eventually it would cost him his kingdom and his life, he thought. So he established two shrines: one at Dan in the north and another at Bethel in the South of his kingdom. He set a date for the chief festival and he appointed priests not from the tribe of Levi to preside at sacrifices and other functions. Very likely the Levites declined to serve. The situation reminds us of our own state and

church relations, which however are carefully observed.

Jeroboam introduced the golden calf as a means of worship. Probably he brought the idea from Egypt. It would seem that the king still wished to worship God, but with the aid of the golden image. But the people took up calf-worship and continued it during the reign of succeeding kings. Idolatry was a chief cause for the captivity of the ten tribes in later years. It sharply divided the Hebrews into two weak kingdoms where they once had been united and strong.

The prophet Ahijah, now aged and blind, who had foreseen the division of the Hebrew nation and had predicted Jeroboam as successful ruler if he would obey God, pronounced judgment on the king of Israel: "He (the Lord) will give Israel up because of the sins of Jeroboam, which he sinned and which he made Israel to sin." The king ruled for twenty-two years. His son was assassinated after two years and the entire royal family was destroyed. There was no uprising of the people that caused

Divine displeasure. It was the sins of their king that brought disaster to his subjects. The dire fate of the people of Israel is a warning that the leaders in any nation of period of time has a great responsibility before God.

EVERYONE WELCOME

THE JOY OF LIVING

Ever notice how some people associate the joy of living with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God . . . then every day reveals anew the joy of living!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GUESTS HAPPIER-CHURCH INCOME HIGHER WITH NEW MONROE TABLES

The above comments are typical of the thousands we receive from church people who have found in Monroe Folding Banquet Tables the happy solution to their problems in setting up and serving church dinners, etc. And the experience of Mrs. X could be that of any of these thousands of women connected with churches as well as many other institutions who have purchased Monroe tables, chairs, etc. There are probably more than one "Mrs. X" right in your community to whom we could refer you.

While helping serve a banquet to raise funds for her church a few months ago, Mrs. X noticed that the guests were crowded and uncomfortable and that it was actually impossible to seat all guests at one time.

Later, Mrs. X saw and answered one of our ads and was amazed to learn from our reply of the many exclusive advantages and the low, direct prices offered only on Monroe Folding Tables. After receiving the new Monroe Tables ordered by her church, Mrs. X wrote us that their members and guests are happier and with the increased attendance at their church affairs, their income is higher since they added their new Monroe Tables.

We know you, too, would like new, modern Monroe Folding Banquet Tables for your church, lodge, club, school, etc. Write us today for catalog and special discounts to institutions and organizations. Terms up to 2 years can be arranged, 6 months with no interest or carrying charge.

JUDGEMENT ON JEROBOAM
I Kings 14:5-10; 12-16
Key Verse: Beware lest thou forget the Lord, thy God, in not keeping his commandments. Deuteronomy 8:11.

When Solomon was making repairs in Jerusalem and a fortress near the city, he chose an industrious and efficient young man to supervise the work. He was Jeroboam, born in a village in the Jordan valley. Solomon's reign had already met with God's disapproval. One day while going out of the city the prophet Ahijah met Jeroboam, told him the kingdom would be divided and Jeroboam would become king of the ten northern tribes. This came to the ears of Solomon who promptly sought the life of his young official, causing Jeroboam to flee to Egypt where

he was welcomed by the king of that country.

After Solomon's death a meeting was called to make his son Jeroboam king. The refugee in Egypt decided to attend the meeting which was held at Shechem. He got the floor and addressed the gathering. He urged reforms which would lighten the burdens of the people. Evidently a very good campaign speech with a platform. Rehoboam, as chairman, did not handle the situation well and ten tribes revolted, walked out of the meeting as it were, and elected Jeroboam as their king. The prophecy was fulfilled. The kingdom of David was divided.

The prophet Ahijah had correctly predicted the events which now had come to pass. But the success of the divided kingdom was con-

ditioned upon the faithful obedience to the will and command of God. "If you will hearken to all that I command you—I will build you a sure house, as I built for David." That was a great promise and the only condition was that Jeroboam yield to Divine guidance.

Constant friction and much warfare developed between the rulers of the kingdoms of Israel and Judah. It all might have been otherwise, as is the case often in history. One act by Jeroboam was especially offensive to God. The king was fearful that if his people continued to worship in the temple in Jerusalem, which was in the Southern kingdom, they would be drawn away from its domain.

Eventually it would cost him his kingdom and his life, he thought. So he established two shrines; one at Dan in the north and another at Bethel in the South of his kingdom. He set a date for the chief festival and he appointed priests not from the tribe of Levi to preside at sacrifices and other functions. Very likely the Levites declined to serve. The situation reminds us of our own state and

church relations, which however are carefully observed.

Jeroboam introduced the golden calf as a means of worship. Probably he brought the idea from Egypt. It would seem that the king still wished to worship God, but with the aid of the golden image. But the people took up calf-worship and continued it during the reign of succeeding kings. Idolatry was a chief cause for the captivity of the ten tribes in later years. It sharply divided the Hebrews into two weak kingdoms where they once had been united and strong.

The prophet Ahijah, now aged and blind, who had foreseen the division of the Hebrew nation and had predicted Jeroboam as successful ruler if he would obey God, pronounced judgment on the king of Israel: "He (the Lord) will give Israel up because of the sins of Jeroboam, which he sinned and which he made Israel to sin." The king ruled for twenty-two years. His son was assassinated after two years and the entire royal family was destroyed. There was no uprising of the people that caused

Divine displeasure. It was the sins of their king that brought disaster to his subjects. The dire fate of the people of Israel is a warning that the leaders in any nation or period of time has a great responsibility before God.

EVERYONE WELCOME

THE JOY OF LIVING

Ever notice how some people associate the joy of living with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God . . . then every day reveals anew the joy of living!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WILL REPLACE GAS MAIN IN N. O.

Better gas pressures and increased delivery capacity will result from a \$6,951 gas main replacement project scheduled to get underway this week in New Oxford.

Julian N. Estep, local manager for the Manufacturers Light and Heat Company, said the work involves replacing 1,390 feet of two-inch gas main with larger four-inch pipe.

The old gas main will be lifted and the new one laid along the Lincoln Highway from the east borough line to the Square. "By bolstering the present delivery system it will result in better gas pressures, especially during severe cold weather, throughout New Oxford," Mr. Estep said.

"Replacement of the old gas main with larger pipe has been needed here to enable the company to meet a phenomenal increase in demand for gas in the community."

"Last year we delivered over five times more gas in New Oxford than the gas company was called upon to furnish just eight years ago, in 1945," Mr. Estep explained.

"The old two-inch pipe was never made to carry the volumes of gas we must now pipe into the community to meet requirements of our customers there."

At the end of World War II the gas company, then the Gettysburg Gas Corporation, since merged with Manufacturers, was furnishing gas for central heating purposes to one customer in New Oxford, out of a total of 197 consumers.

Now, 113 families out of 298 residential gas consumers are heating their homes with gas. Fourteen out of 23 stores and business places heat with gas. And the total number of all gas consumers has increased from 197 to 323.

Proclamation

On Saturday, the first day of May, 1954, the members of the Junior Chamber of Commerce will offer individual and collective prayers asking that God bring together in spirit the Communist leaders and the leaders of our own country so they may hand-in-hand conduct a zealous search for lasting peace. The Jaycees ask that the citizens of this community join them in their prayers.

The program of special prayer... called May Day - Pray Day... is designed to give new, lofty significance to the Communist holiday and to provide an opportunity to the citizens of this community to join together for a single purpose in exerting the most powerful force at our command—prayer.

In aid and assistance of such a worthy program, I, William G. Weaver, as Burgess of Gettysburg, do hereby proclaim Saturday, May 1, 1954, as May Day-Pray Day and do urge that all the citizens of Gettysburg join with the Junior Chamber of Commerce in asking God to bring together in spirit the Communist leaders and the leaders of our own nation so they may hand-in-hand conduct a zealous search for lasting peace.

RAIL STRIKE IS SCHEDULED FOR MONDAY

NEW YORK (AP)—A union spokesman says only action by the U. S. mediation board will halt a strike set for 8 a. m., EST, Monday against the New York Central Railroad east of Buffalo.

The Independent Brotherhood of Railroad Trainmen last night called for a walkout of 6,000 trainmen and yard workers affecting freight and passenger service on all the Central's divisions between Buffalo and New York City.

James Anderson, union vice president, said Central branches to Weehawken, N. J., and Williamsport and Clearfield, Pa., also will be affected.

Anderson said the strike call involves questions of seniority and application of rules, but not wages.

Charge Violations
The union official complained of what he termed the general attitude of the railroad "in not complying with the contract and mediation agreements of Nov. 30, 1949, with respect to interdivision runs."

The union charges 22 violations of the agreements.

A company spokesman commented early today that "mediation processes would, of course, have to be exhausted before there actually could be a strike."

Anderson said the strike would not take place if the U. S. mediation board stepped in and set a

definite date for mediation to begin.

He said the union conducted its action in strict accordance with the Railway Labor Act. He said the union notified the company last week of its desire to meet concerning the dispute but that the company refused.

72 Hour Notice
Regulations require that the brotherhood file notice of its intent to strike 72 hours before the walkout is scheduled, Anderson said, adding that such a deadline would be 8 a. m., EST, today.

The strike call was sanctioned at a general committee meeting of the brotherhood, comprising 42 local chairmen of the brotherhood's Buffalo and Eastern territory.

Anderson said W. P. Kennedy of Cleveland, president of the brotherhood, had authorized the walkout unless a settlement was reached before the strike deadline.

The union said F. A. Dawson, vice president and general manager of the railroad east of Buffalo, had been notified last night by telegram.

BIGGEST MONEY BILL HALF WAY THRU CONGRESS

WASHINGTON (AP)—The biggest money bill of the year—28 billion dollars for defense—was half through its congressional journey today with the unanimous and almost dispute-free endorsement of the House.

What controversy there was revolved mainly around a nonfinancial matter: an effort to limit the President's authority with respect to American troop movements abroad. And this was knocked down yesterday on a 214-37 standing vote.

Then the congressmen sent the big measure to the Senate by roll call, 377-0.

76 Billion For Military
The \$28,684,350,486 provided in the annual Defense Department appropriation bill is \$1,202,804,514 less than President Eisenhower asked. It will give the military an estimated \$76,800,000,000, including carry-over funds from previous years, for the fiscal year starting next July 1.

Displaying but little interest in the actual money allotments, the House followed the recommendations of its Appropriations Committee in all but one instance. It gave the Army an extra \$3,543,988 to keep in operation the Murphy General Hospital at Waltham, Mass.

Coudert's Plan
Most attention was devoted to a proposal by Rep. Coudert (R-NY) for a ban on use of U. S. military forces abroad without the consent of Congress, except in defense of nations bound to this country by mutual security agreements or following a formal declaration of war.

Coudert said he wanted to make certain that U. S. troops aren't sent to Indochina without the approval of Congress. Since the administration has said it doesn't intend to send troops to that French area, Coudert said, it shouldn't object to the limitation.

Obscure Shorthand Reporter Put In National Limelight On TV At Army-McCarthy Hearing; Nervous

By JAMES MARLOW
WASHINGTON (AP) — John G. Lucas Jr. hoped for years that someday he would own a music store. He is now 42 and has given up the idea of having his store, loaded with phonograph records. He always liked music and still does. He used to play the French horn. But the closest he gets to music now is playing the phonograph at home. He does that and he works in the garden. The thought that millions of people might one day be peering into his strained and anxious face never occurred to him. He is not a handsome man. He is an earnest-looking man, who looks like many other men. Life Was Smooth And one day recently he suddenly appeared on TV screens everywhere, looking out nervously through his rimless glasses from the witness' seat at the Senate inquiry into Sen. McCarthy's row with Army officials. He kept swallowing. Seven senators were questioning him. So was their special counsel, Ray Jenkins. McCarthy was looking at him, asking questions. His life until that moment had been running along a smooth and even channel. It might have run on that way until he reached retirement age. He had been content with his obscurity behind a desk in the Pentagon. Became Expert Reporter Of all those who have appeared in the hearings so far he is the only one of whom some other man who never expects to be in headlines, watching his TV screen in New York or Iowa or Illinois, might say: "That might have been me; I know how he feels." Back home in St. Louis he played the French horn in the high school band. And he played it in the band at Northwestern University, where he got his bachelor of arts degree. As he grew older he grew away from the horn. After he finished at Northwestern he got a job in an office. At night for seven years he studied shorthand in Chicago. It doesn't require seven years to learn shorthand, but he wanted to be a shorthand reporter, speedier than an ordinary stenographer. He took the courses several times over. Then he won the Gregg diamond pin for taking 200 words a minute for five minutes. Met Wife At Pentagon After that he came to Washington and got a job with the government. It was wartime, 1942, and he was drafted the same year. In uniform, he was made a secretary to the Joint Chiefs of Staff. He was taken along to some of the biggest wartime conferences with his shorthand pad: Quebec, Cairo, Tehran, Yalta, Malta and Potsdam. In the same office in the Pentagon he met his wife. She was a Wave, a stenographer too. She could take 185 words a minute. They went to dances together. They liked music and bought records. They talked of getting married and owning a music store someday. Have Two Children When they got out of the service in 1946 they did marry and went to Florida for a while. He went into the real estate business with his father there. After a while, his dark-haired wife says now, they realized they were office people. That ended the idea of a music store. They came back to Washington in 1948. Lucas got a job in the office of the secretary of the Army. He saw a number of secretaries come and go. One of his jobs was to listen in on the phone when someone called his boss, and to take down the conversation in shorthand. Lucas and his wife, who have two children, lived in an apartment for a while. Then they bought a Cape Cod house in Falls Church, Va. They both like to work in the garden. Called Her Husband On the morning of April 23 Mrs. Lucas was watching the McCarthy-Army hearing on her TV set. Secretary of the Army Stevens, her husband's boss, was testifying. Suddenly she heard the announcement her husband would be called to testify at the afternoon session about the shorthand notes he took on some of Stevens' telephone conversations. Mrs. Lucas called her husband and asked if he'd like her to be in the hearing room when he testified. He said he would. She got a neighbor to care for the children and went up to the hearing. She couldn't see Lucas' face as he testified. She could hear him, though. When he finished and went outside with her, she says, she thought he looked "a little ruffled." "Enough To Awe One" "I didn't know how ruffled he was," she says, "until that night when one of the local TV stations showed some of the scenes from the day's hearing and I saw his face." Although he looked frightened, all the way through his testimony, Lucas himself says he was a little nervous only in the beginning. "The nature of the forum," he says, "was enough to awe anyone."

Russia Lifts Seven Year Marriage Ban

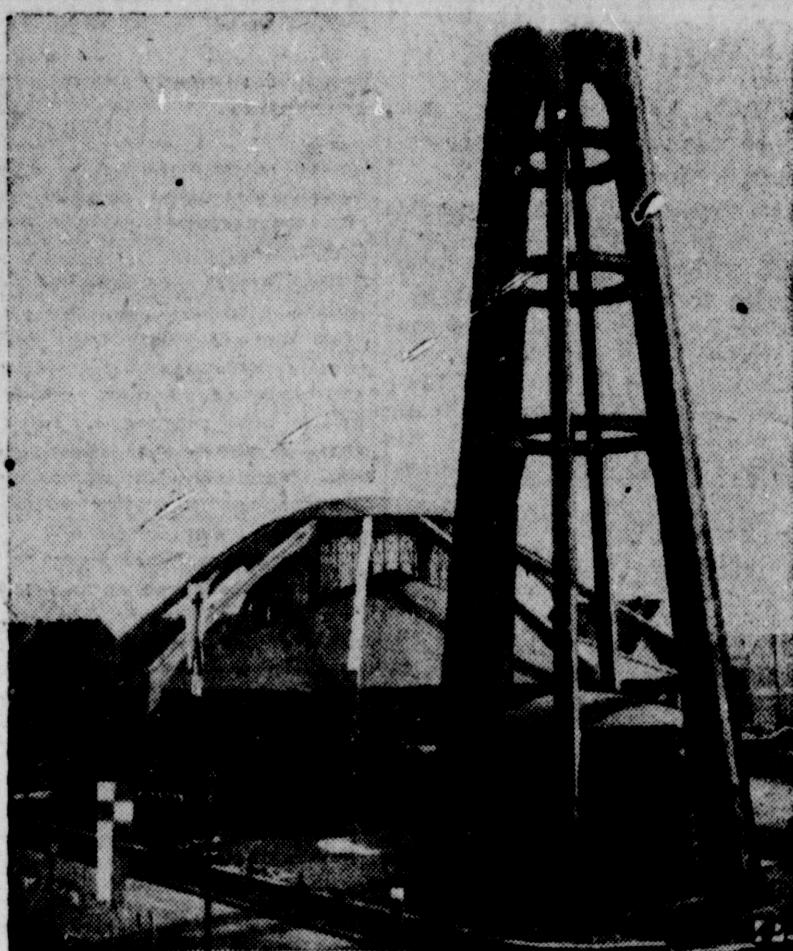

LONDON (AP) — The Kremlin Thursday formally lifted its seven-year-old ban on the marriage of Soviet citizens to foreigners. Moscow radio, in a broadcast heard here, announced that the Supreme Soviet (Parliament), has approved a decree issued last November permitting such unions. At the same time, the Parliament put back on the law books a clause forbidding any change of citizenship as a result of such a marriage. The action is not expected to make any difference in Soviet relations with the Western world. A British Foreign Office spokesman said "all it does, in effect, is allow Russians to marry citizens from the satellite states."

RED BUSINESS

LONDON (AP) — Russia has placed "firm orders" for goods costing \$0 to 40 million pounds (\$4 to 112 million dollars) in Britain since Jan. 1, a British business leader said today. Sir Greville S. Maginness, president of the Russo-British Chamber of Commerce, said in a speech prepared for the body's annual meeting the orders include some "substantial" ones for trawlers, textile machinery, machine tools, diesel generators and other electrical equipment, rolling mill plant and milk bottling machinery.

WILKES-BARRE, Pa. (AP) — A state highway dept. truck backed up and rolled over Stanley Sidrych, 61, of Wilkes-Barre yesterday, killing him instantly. Sidrych was one of several workers clearing mud from Rt. 109 in nearby Mountain Top after bank slides caused by rain.

CALL ANOTHER PANEL OF JURORS

DOYLESTOWN, Pa. (AP) — A new panel of veniremen was ordered to be on hand today for the selection of additional jurors to try George Capps for the fatal shooting of a neighbor girl Jan. 22. The initial panel was exhausted Wednesday in selecting 11 jurors. At one point, 12 jurors had been named to hear the charges that Capps killed 15-year-old Marta Gibbons near her Levittown, Pa., home. However, a short time later, only nine jurors were still in the box. It happened this way: Opposing attorneys unexpectedly exercised preemptory challenges

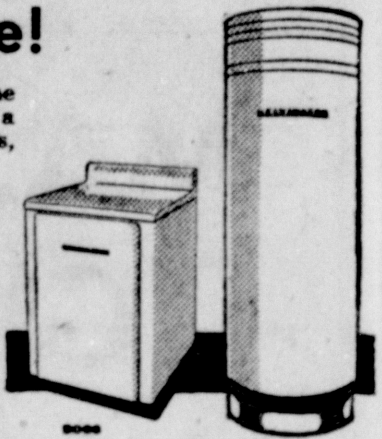

to cause the dismissal of three jurors who had been accepted Monday and Tuesday, the first two days of the trial. Makes First Challenge One of Capps, two court-appointed lawyers, William P. Power, made the first challenge, without explanation. This resulted in retirement from the jury of Frank T. Craven, 40, a salesman from Yardley, Pa., and Frank S. Smith, 61, retired Navy civilian employee. Then Dist. Atty. Donald W. Van Artsdalen challenged Mrs. Madeline B. McGruder, wife of a Bristol physician. Capps, a 22-year-old mechanic whose wife gave birth to their first child shortly after his arrest, has pleaded innocent. Pasty trick: you can use an electric mixer, operated at low speed, to cut shortening into flour.

Calm And Poised Schine Tells Off The Big Brass At Hearing

By JAMES MARLOW
WASHINGTON (U) — Completely polite, without balking at a question, without raising his voice, Pvt. G. David Schine achieved in public and on TV too what Army privates have dreamed of since the first once carried a spear.

He told off the big brass. Tall and trim, Schine was poised as he faced the Senate committee investigating Sen. McCarthy's row with Army officials. At 26 he is perhaps the richest draftee in the Army. He finished Harvard and is president of his millionaire father's chain of hotels.

Asked For Photo
Yes, he said, Robert T. Stevens, secretary of the Army and therefore boss of all the generals, had asked him, Schine, to pose with Stevens for a photograph last Nov. 17. That was 14 days after Schine had been drafted.

Stevens had told the same committee he had met Schine on that date but could not remember asking him to pose for a picture. Both Stevens and Schine testified under oath at this hearing, where someone is obviously lying and the one who is, or the ones who are, may wind up on trial for perjury in federal court.

McCarthy Called Him "Pest"
Schine wasn't standing alone. Roy M. Cohn said Stevens had asked Schine to pose for the pic-

ture. Cohn was with Schine, Stevens, McCarthy and others on Nov. 17, and Cohn said McCarthy heard Stevens make the request too.

Cohn and Schine had worked together on McCarthy's committee until Schine was drafted, Cohn, as chief counsel and Schine as an unpaid consultant.

At the heart of the trouble now is the question whether Schine shouldn't have stood alone, just a little more. Stevens says that McCarthy called Schine a "pest" but nevertheless tried to get special favors for him before and after he was drafted. And Cohn, the Army charges say, tried to get a commission for the good-looking Schine before he was drafted and special treatment for him later.

Cohn A Talker With Fidgets
McCarthy and Cohn deny there was anything unusual in their concern for Schine and in turn charge the Army with using him as a "hostage" to pressure them into stopping or diverting their search for Communists in the Army.

No matter what else they may have in common, Cohn and Schine have outward self-assurance. The resemblance seems to taper off there. Schine, relaxed, has a slight air of amusement about him.

It is sometimes hard to tell whether Cohn is thinking or posturing. Cohn is a talker with fidgets.

SENATE BANK PROBE GROUP SCANS NOTES

By ROWLAND EVANS JR.
WASHINGTON (U) — Senate Banking Committee members paused in their probe of government housing scandals today to scan a mountain of testimony and figure what changes they want in President Eisenhower's housing program.

A final hearing yesterday wound up the group's two-week "preliminary" probe of government-insured home repair loans and multimillion dollar "windfall" profits in the defunct postwar rental project program.

Next step was examination of voluminous testimony taken from present and former officials of the Federal Housing Administration to locate loopholes in the Housing Act.

Deemed To Piggyback
Chairman Capehart (R-Ind.) announced the committee would start on May 18 to frame Eisenhower's housing recommendations into legislation. He predicted a housing bill would be ready for Senate debate by early June. The measure has already passed the House.

Eisenhower has recommended that the \$2,500 limit on home repair loans be lifted to \$5,000 and that the repayment period be extended from three to five years.

But this and several other Eisenhower recommendations appeared headed for either drastic revision or a pigeonhole in the Banking Committee.

Sen. Bricker (R-Ohio), a committee member, said in an interview he was "definitely opposed" to any continuation of the depression-spawned home repair program, now running at an annual rate of about one billion dollars. Sen. Bush (R-Conn.), also on the committee, has indicated he feels the same way.

Capehart said he might agree to continue the present loan level but only if lenders are made partly responsible for loan defaults. He said also the law should be changed to drastically restrict the loans to "legitimate" home repair work, and not swimming pools and tennis courts as witnesses testified some loans were used.

SAYS LAB STAFF AT MONMOUTH NOT BACKED UP

By VERN HAUGLAND
WASHINGTON (U) — Ernest C. Pollard of Yale University last night accused the Army command at Ft. Monmouth, N. J., of failing to provide fair treatment for employees of undesirable associations.

Pollard, a nuclear physicist who is vice chairman of the Federation of American Scientists, said Maj. Gen. Kirke B. Lawton, the Army Signal Corps commander at Ft.

Monmouth, "knew what was going on" — knew that the accused scientists cooperated in the congressional investigation of suspected subversive activity at the radar laboratory there.

Yet, Pollard said, the command expressed no support for the scientists, had nothing to say about "unfair headlines" he said were printed about laboratory workers. Ft. Monmouth was the scene of a controversial probe started by Sen. McCarthy's Senate investigations subcommittee last year. The Monmouth case, including the name of Lawton, has figured repeatedly in the Senate inquiry into the row between McCarthy and his aides and top Army officials.

Pollard, chairman of the scientists' committee which last week issued a 66-page report criticizing the conduct of the Ft. Monmouth investigation, said the people who use scientists' services "should guarantee us loyalty."

"Mutual loyalty is vital to a laboratory," he said. "We saw no sign of loyalty operating from above,

Obscure Shorthand Reporter Put In National Limelight On TV At Army-McCarthy Hearing; Nervous

By JAMES MARLOW
WASHINGTON (AP) — John G. Lucas Jr. hoped for years that someday he would own a music store. He is now 42 and has given up the idea of having his store, loaded with phonograph records. He always liked music and still does. He used to play the French horn. But the closest he gets to music now is playing the phonograph at home. He does that and he works in the garden.

The thought that millions of people might one day be peering into his strained and anxious face never occurred to him. He is not a handsome man. He is an earnest-looking man, who looks like many other men.

Life Was Smooth

And one day recently he suddenly appeared on TV screens everywhere, looking out nervously through his rimless glasses from the witness' seat at the Senate inquiry into Sen. McCarthy's row with Army officials. He kept swallowing.

Seven senators were questioning him. So was their special counsel, Ray Jenkins. McCarthy was look-

ing at him, asking questions. His life until that moment had been running along a smooth and even channel. It might have run on that way until he reached retirement age. He had been content with his obscurity behind a desk in the Pentagon.

Met Wife At Pentagon
After that he came to Washington and got a job with the government. It was wartime, 1942, and he was drafted the same year. In uniform, he was made a secretary to the Joint Chiefs of Staff. He was taken along to some of the biggest wartime conferences with his shorthand pad: Quebec, Cairo, Tehran, Yalta, Malta and Potsdam.

Became Expert Reporter
Of all those who have appeared in the hearings so far he is the only one of whom some other man who never expects to be in headlines, watching his TV screen in New York or Iowa or Illinois, might say: "That might have been me; I know how he feels."

Back home in St. Louis he played the French horn in the high school band. And he played it in the band at Northwestern University, where he got his bachelor of arts degree. As he grew older he grew away from the horn.

After he finished at Northwestern he got a job in an office. At night for seven years he studied shorthand in Chicago. He doesn't require seven years to learn shorthand, but he wanted to be a shorthand reporter, speedier than an ordinary stenographer. He took

Russia Lifts Seven Year Marriage Ban

LONDON (AP) — The Kremlin Thursday formally lifted its seven-year-old ban on the marriage of Soviet citizens to foreigners.

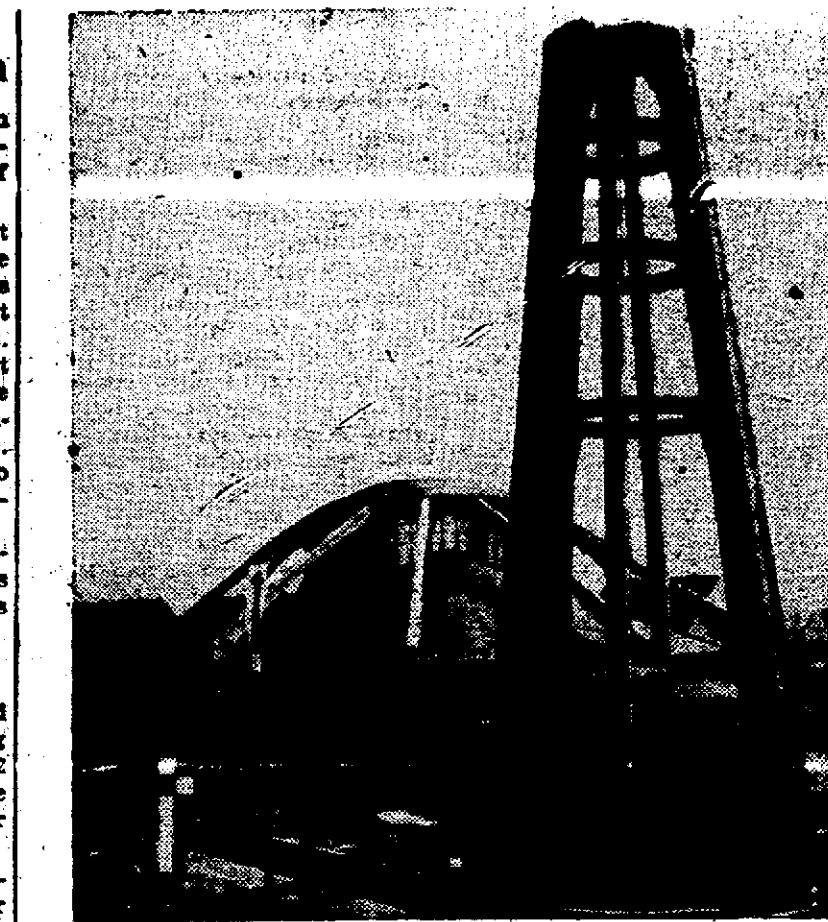

Moscow radio, in a broadcast heard here, announced that the Supreme Soviet (Parliament), has approved a decree issued last November permitting such unions. At the same time, the Parliament put back on the law books a clause forbidding any change of citizenship as a result of such a marriage.

The action is not expected to make any difference in Soviet relations with the Western world. A British Foreign Office spokesman said "all it does, in effect, is allow Russians to marry citizens from the satellite states."

RED BUSINESS

LONDON (AP) — Russia has placed "firm orders" for goods costing 20 to 40 million pounds (\$4 to \$12 million dollars) in Britain since Jan. 1, a British business leader said today.

Sir Greville S. Maginness, president of the Russo-British Chamber of Commerce, said in a speech prepared for the body's annual meeting the orders include some "substantial" ones for trawlers, textile machinery, machine tools, diesel generators and other electrical equipment, rolling mill plant and milk bottling machinery.

ULTRA-MODERN CHURCH — New St. Albert Catholic Church, Saarbrücken, Germany, has chapel under open spire of concrete pillars and main building in background.

State Guard Plans Recruiting Drive

INDIANTOWN GAP, Pa. (AP) — "Operation Strength," a two-month long recruiting drive by the Pennsylvania Army and Air National Guard gets underway throughout the state on Saturday.

Adt. Gen. Frank A. Weber said a \$25 U.S. savings bond will be awarded to the man in each unit who enlists the greatest number of recruits.

The few men will have the opportunity to accompany PNC Army and air units on their annual 15-day summer field training session at such sites as the Indiantown Gap Military Reservation, Spaatz Field at Reading and other Army and air bases in Delaware, New York and Ohio.

CRUSHED TO DEATH

WILKES-BARRE, Pa. (AP) — A state highway dept. truck backed up and rolled over Stanley Sidrych, 61, of Wilkes-Barre yesterday, killing him instantly. Sidrych was one of several workers clearing mud from Rt. 109 in nearby Mountain Top after bank slides caused by rain.

BOARD CHAIRMAN RETIRES

PHILADELPHIA (AP) — The Atlantic Refining Co. has announced the retirement of Board Chairman Robert H. Colley, effective today. He will continue as a member of the board of directors.

Colley was named assistant treasurer of Atlantic in 1926, treasurer and a director in 1929, and president in 1937. In 1952, he was succeeded as president by Henderson Supplee Jr. and at that time was named board chairman.

F. N. Piasecki Will Get Mendel Award

PHILADELPHIA (AP) — Villanova University will present its 1954 Mendel Medal to Frank N. Piasecki chairman of the board of the Piasecki Helicopter Corp., Morton, Pa.

The award, last made in 1946 to Dr. John C. Hubbard of Johns Hopkins University, is given to outstanding Roman Catholic scientists.

The Rev. James A. Donnellon, university president, in announcing the award yesterday, said it would be presented to Piasecki May 4 during a dinner at the university.

CALL ANOTHER PANEL OF JURORS

DOYLESTOWN, Pa. (AP) — A new panel of jurors was ordered to be on hand today for the selection of additional jurors to try George Cappe for the fatal shooting of a neighbor girl Jan. 22.

The initial panel was exhausted Wednesday in selecting 11 jurors. At one point, 12 jurors had been named to hear the charges that Cappe killed 15-year-old Maria Gibbons near her Leavittown, Pa., home. However, a short time later, only nine jurors were still in the box.

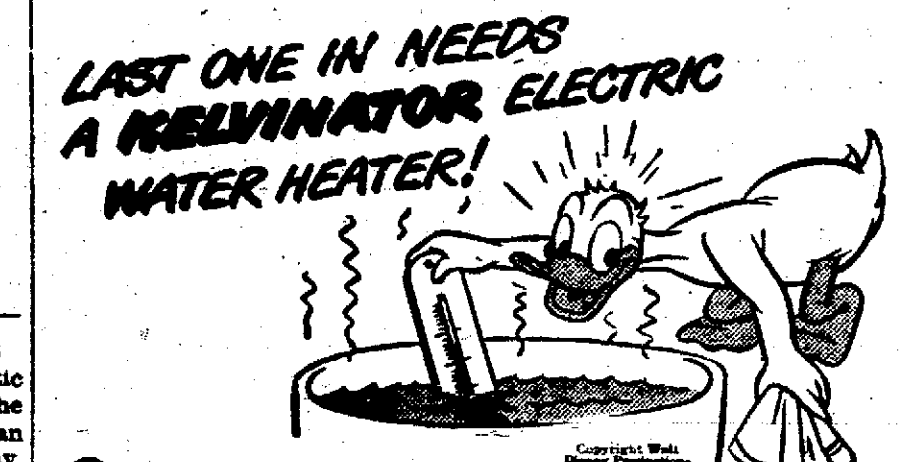

It happened this way: Opposing attorneys unexpectedly exercised preemptory challenges

to cause the dismissal of three jurors who had been accepted Monday and Tuesday, the first two days of the trial.

Makes First Challenge
One of Cappe's two court-appointed lawyers, William P. Power, made the first challenge, without explanation. This resulted in retirement from the jury of Frank T. Craven, 40, a salesman from Yardley, Pa., and Frank S. Smith, 51, retired Navy civilian employee. Then Dist. Atty. Donald W. Van Artsdalen challenged Mrs. Madeline B. McGruder, wife of a Bristol physician.

Cappe, a 22-year-old mechanic whose wife gave birth to their first child shortly after his arrest, has pleaded innocent.

Have Two Children
When they got out of the service in 1946 they did marry and went to Florida for a while. He went into the real estate business with his father there. After a while, his dark-haired wife says now, they realized they were office people. That ended the idea of a music store. They came back to Washington in 1948.

Lucas got a job in the office of the secretary of the Army. He saw a number of secretaries come and go. One of his jobs was to listen in on the phone when someone called his boss, and to take down the conversation in shorthand.

Lucas and his wife, who have two children, lived in an apartment for awhile. Then they bought a Cape Cod house in Falls Church, Va. They both like to work in the garden.

Called Her Husband
On the morning of April 23 Mrs. Lucas was watching the McCarthy-Army hearing on her TV set. Secretary of the Army Stevens, her husband's boss, was testifying. Suddenly she heard the announcement her husband would be called to testify at the afternoon session about the shorthand notes he took on some of Stevens' telephone conversations.

Mrs. Lucas called her husband and asked if he'd like her to be in the hearing room when he testified. He said he would. She got

JURIST BARS DEATH PHOTOS

DOYLESTOWN, Pa. (P)—Defense counsel for George L. Capps has succeeded in a first move to keep away from the jury photographs showing circumstances in which the body of 15-year-old Maria Gibbons was found.

Capps is charged with murder in the shooting of the girl, his across-the-street neighbor in Levittown. Dist. Atty. Donald W. Van Arsdalen told the jury the commonwealth will prove Capps "deliberately, with full knowledge, and intentionally" shot the girl to death.

The district attorney contended Capps committed first degree murder and said that if the jury so decided it will have to choose the penalty—life imprisonment or death in the electric chair. He indicated he may make a recommendation as to the penalty in his summation talk at the conclusion of the evidence.

Shortly afterwards Van Arsdalen moved to introduce as evidence nine photographs taken in the vicinity after Maria's body was found near an isolated lake four miles from Levittown last Jan. 25—three days after she disappeared. Judge Edwin H. Satterthwaite barred the photographs after defense attorneys contended they "will inflame the minds of the jury."

Garbage bags, made of wax-treated paper, are handy for storing dampened clothes before ironing.

BANS PICTURES IN COURTHOUSE DURING TRIAL

WARREN, Pa. (P)—Judge Alexander C. Flick Jr. has banned the taking of photographs in the Warren County Courthouse during court sessions in the trial of Judge slayer Norman Moon.

Judge Flick said the ban will be in effect, as far as he knows, only during the trial of Moon, a 26-year-old Connelville construction worker charged with murdering Judge Allison D. Wade in the Warren County Courtroom last January. The trial is scheduled to start May 10.

Whether the ban will apply after the daily court sessions, when the defendant and other participants in the trial are passing through the

corridors, depends, Judge Flick said, "on whether they (the photographers) seem to interfere with the jury."

Flick was appointed president judge of Warren and Forest counties by Gov. John S. Fine to fill the unexpired term of Judge Wade. He will preside at Moon's trial which will be held in the same courthouse where the crime was committed.

Judge Flick's order is similar to one issued by the Westmoreland County Court shortly before the trial of John Wesley Wable for last year's Pennsylvania Turnpike "phantom" killings. Wable was convicted of killing a truckdriver and sentenced to death.

The Greensburg Tribune-Review Publishing Co. of Greensburg, Pa. and the Pittsburgh Post-Gazette protested the Westmoreland photo ban and have appealed the ruling to State Supreme Court and Federal District Court. The appeal is still pending.

JURIST BARS DEATH PHOTOS

DOYLESTOWN, Pa. (AP)—Defense counsel for George L. Capps has succeeded in a first move to keep away from the jury photographs showing circumstances in which the body of 15-year-old Marta Gibbons was found.

Capps is charged with murder in the shooting of the girl, his across-the-street neighbor in Levittown. Dist. Atty. Donald W. Van Arsdale told the jury the commonwealth will prove Capps "deliberately, with full knowledge, and intentionally" shot the girl to death.

The district attorney contended Capps committed first degree murder and said that if the jury so decided it will have to choose the penalty—life imprisonment or death in the electric chair. He indicated he may make a recommendation as to the penalty in his summation talk at the conclusion of the evidence.

Shortly afterwards Van Arsdale moved to introduce as evidence nine photographs taken in the vicinity after Marta's body was found near an isolated lake four miles from Levittown last Jan. 25—three days after she disappeared. Judge Edwin H. Satterthwaite barred the photographs after defense attorneys contended they "will inflame the minds of the jury."

Garbage bags, made of wax-treated paper, are handy for storing dampened clothes before ironing.

BANS PICTURES IN COURTHOUSE DURING TRIAL

WARREN, Pa. (AP)—Judge Alexander C. Flick Jr. has banned the taking of photographs in the Warren County Courthouse during court sessions in the trial of judge slayer Norman Moon.

Judge Flick said the ban will be in effect, as far as he knows, only during the trial of Moon, a 26-year-old Connelleville construction worker charged with murdering Judge Allison D. Wade in the Warren County Courthouse last January. The trial is scheduled to start May 10.

Whether the ban will apply after the daily court sessions, when the defendant and other participants in the trial are passing through the

corridors, depends. Judge Flick said, "on whether they (the photographers) seem to interfere with the jury."

Flick was appointed president Judge of Warren and Forest counties by Gov. John S. Fine to fill the unexpired term of Judge Wade. He will preside at Moon's trial which will be held in the same courthouse where the crime was committed.

Judge Flick's order is similar to one issued by the Westmoreland County Court shortly before the trial of John Wesley Wable for last year's Pennsylvania Turnpike "phantom" killings. Wable was convicted of killing a truckdriver and sentenced to death.

The Greensburg Tribune-Review Publishing Co. of Greensburg, Pa., and the Pittsburgh Post-Gazette protested the Westmoreland photo ban and have appealed the ruling to State Supreme Court and Federal District Court. The appeal is still pending.
